Said. Legacy Wars Overview Battles are inevitable. Rangers respond to Rangers, and the laser returns with a laser. Honey, here's not Jod. So, you won't find a huge robot battle as high as a 30-story building. Nevertheless, the graphics displayed in this mobile game are enough to spoil your eyes. So, you don't have to worry because the details are comfortable in the eyes. This mobile game uses the formula of stone, paper and scissors as the main elements. With the strike movement quickly defeating the breaker movement enough to release the breaker, the breaker defeated the defence, knocked down the defence, and defeated the strike. These three movements have different animations and different active frames (when an attack is performed), so you need to be smart in sorting the attacks you want to disable. Each fighting team leads three Rangers to one Ranger, with the other two Rangers assisting. Keep in mind, Power Rangers: Legacy Wars offers a multiplayer mode for real people in real time. So, you really need to tackle tactics, avoid and decide when to put a combination attack. Each attack is its own cost and receives only 10 points, one at a time. Throughout the game, we use three black rangers at a time. The combination of the three has shown that it has a lot of breaker attacks with one very fast and deadly strike attack. In several battles we went through, we felt that the battle in the Power Rangers was: legacy wars were very intense and full of tactics. If you're familiar with enemy characters, you can get in the middle of the combo, and edges can create powerful counterattacks. Attacks can also be stacked with assist attacks, making them overlapping combos that deal great damage. It involves very intense in-app purchases that can ruin the balance of the game. The reason is, all the purchases are Rangers You can upgrade using Zeo Crystal or IAP. And, this is to destroy the balance. As evidence, in the second tier league, we consistently met Rangers of spammers who used one of their strongest Rangers. Only if, nWay did not implement this, Power Rangers: Legacy Wars will have the opportunity to compete. Ending the review, Power Rangers: Legacy Wars is a very rare game tie because of its outstanding quality. Don't be fooled by simplicity in the first place, because this mobile game involves other players to fight in their own way. Because you need one of the strongest Rangers to fight your enemies, prepare a wallet thick enough to reach the second level league.
