April 2020 is the \$17 billion market tournament in the United States, the rival youth sports market of as much as the NFL's \$15 billion. Youth sports markets are composed of sectors that represent income from travel, equipment, team membership, facility construction, software, and venue rentals. All told, typical parents spend between \$100 and \$500 per month, for every child in elite youth sports, with the bulk of the money going towards travel and team spending, but \$1,000 per month has not been heard, according to a 2016 survey by TD Ameritrade. However, even with these incredible costs, the number of kids playing sports keeps reduced. Only 36.9 percent of children aged 6 to 12 played regular team sports in 2016 - up from 38.6 percent in 2015 and 44.5 percent in 2008, according to new data released by the Aspen Institute's Sports & Society program. Only 27.5 percent of children in homes earning under \$25,000 a year exercise, compared with 45.5 percent of children in homes earning more than \$100,000 a year. Of note, 80% of youth athletes left after the age of 15. Too many kids today are being denied the opportunity to have sports help to teach them valuable leadership skills and life lessons. Please help the Great Vision Foundation in leveling the playing field by making a contribution. Your support will create opportunities for all kids to receive scholarships that give them the opportunity to acquire these valuable leadership skills and life lessons through sports, regardless of their race or socioeconomic status. By Ultimate Events, 01/29/20, 3:30AM EST Yardley, PA, January 21, 2020 – Ultimate Events and Sports Management Company is excited to be expanding its portfolio into the youth baseball and softball markets by acquiring the baseball and softball tournament operations and Berkshire Baseball & Softball Club from the BIG Vision Foundation. We are really excited to take over the operations of big vision and Berkshire teams, said Becky Wells, finale of Evens and Sports Co-Owner. We feel that our knowledge and expertise will make an already outstanding product even stronger moving forward. Ultimate Events & Sports (UES) in 2012 with the mission of creating, managing, and sporting events and programs for all age groups across the country give young people the opportunity to exercise. UES is a company founded on an honest passion for athletics. Its focus is on competitive opportunity, while ensuring the highest quality. UES provides events that ensure a safe and desirable environment for athletes, educational opportunities that develop our youth, and a delightful atmosphere for fans. UES remains committed to hosting events and programming that support its overall mission and are in line with the continued evolution of any relevant sports game. After we made our long-range strategic plan last winter, we learned that the mission of the Great Vision Foundation in the community is very confusing. Alan Carmen, chairman of the Board of Directors of the Great Vision Foundation said. The strategic plan, along with our founder, Dan Kleuser made us aware of his plans for retirement last spring, we knew we needed to find a group that could continue the legacy that has been built over 30 years while simplifying the foundation's mission moving forward. Our delegation is confident that we have achieved both of those goals. UES was founded in Women's Lacrosse. The owners of that era have played and coached extensively in the sport. UES runs two of the largest high school lacrosse recruitment competitions for girls in the country, including project 120 (280 teams) and grade (360 teams). The UES conducted a total of 14 Lacrosse and ground hockey events in 2019. UES expanded into football in the fall of 2019 and has already added baseball and softball to start 2020. The annual UES tournament brings together more than 10 teams from across the country and internationally. Since its establishment, UES events have experienced 50% growth each year. This is a direct result of customer satisfaction and loyalty gained from players, club owners, and colic coaches. UES has essentially doubled its footprint by gaining an established tournament operation that draws upwards of 10 other teams annually in baseball and softball markets. Although, UES originated in Lacrosse, its mission has always been to extend to other sports, as it wants to give young people the opportunity to play regardless of their chosen game. Expanding into baseball and softball markets is a natural progression of the company's continued growth. 2011/06/25 About The Ultimate Events and Sports Management Company: The Ultimate Events and Sports Management Company is committed to providing excellent customer service to service teams in the field and abroad. They are dedicated to hosting tournaments that offer athletes the chance to play competitive games at all levels in a desirable environment that will allow athletes to do their best! UES managers have a real passion for athletics, and sports play a role in a young athlete's life, interconnected to bring quality youth sports competitions at reasonable cost to national and local communities. About the Great Vision Foundation: The Great Vision Foundation is dedicated to creating opportunities for all kids to receive scholarships through social services that allow them the opportunity to acquire valuable leadership skills and life lessons through sports, regardless of their race or socioeconomic status.
