If you've gone into option mode, however, you've probably heard three familiar songs, songs through sound tests that you've probably never heard during this game. To change this, go to Option Mode and listen to background music (Bill) 5 and Effect (SE) 73. Go back to the title screen and start a new game. When you collect a special morning star symbol--- those people who will play one of these three familiar song---one of them during its power period.
