Georgia Wells's (Kate Beckinsale) aid worker husband, Will, was supposed to have died in a plane crash while traveling to Africa. But three years later, he saw a man resembling Will in a news report about an incident in Congo (DRC). They believe the man you saw in the report was Will, Georgia leaving her native Wales and travelling to congo to investigate why Will faked his own death. He discovers the cash transactions that were made on his behalf shortly after the plane crash in which Will was supposed to die. He also discovers that a bomb planted in the plane caused the accident. Georgia is looking for answers to the question of whether Will actually died in the plane crash that will lead him from congo to rwanda. The Rwandan responses are shocking and for what he's going to learn. Warning: Widow's 1st You'll find evidence that your husband is alive and that he may have been kidnapped. When he finally tracked her down, he realized she'd never been abducted and that she was never on the plane that crashed. Will secretly lives in Africa for three years after he was supposed to die in a plane crash. Before going to congo, Will learned of his boss (Judith Gray, played by Alex Kingston) cobalt smuggling business with psychopathic Congolese army general Azikiwe and was blackmailed into joining the illegal but lucrative business. Judith tried to end the forced business partnership by booking Will a ticket on a flight to congo after learning that Azikiwe had planted a bomb on the plane to eliminate the political opponent who was also on the plane. Will found out about the plan and didn't get on the plane, but after the accident, he was pronounced dead because his name was on the list. Will took advantage of the opportunity to be wrongly declared dead to get off the radar. He was smuggled from the Congo to Rwanda, where he lived with another woman, Gloria (Balindile ka Ngcobo), with whom he had a child. Georgia returns from Congo, still struggling with shocking revelations about Will. But other forces involved in Will's disappearance appear determined to prevent him from revealing the shocking truth. Will Widow return for season two?
