Makita circular saw guide rail

Best Reviews Latest Top Image Reviews Not Available for Color: : 55th Guide bar for use with Makita Submersible Saw : Works with saw base and designed to deliver smooth, dead-on straight or beveled cutting : Ideal for ripping sheet material : Also used with a selection of routers and saws using router adapter (194579-2) and adapter saws (196953-0) : 55 guide rail : Allows the use of a headless cordless 6-1/2 circular saw Model XSH03 with guide rails : Precise design for precise cutting : Quick and easy installation for greater user convenience : For use with Makita guide rails, as well as selected competitive rails: Guide Rail Adapter Makita XPS01PTJ 18V X2 (36V) LXT Wireless 6-1/2" Plunge-Cut Circular Saw Kit delivers accurate, accurate cutting without cable problems. It glides along the included guide rails to produce arrow-straight cuts with minimal tear-out. It combines a powerful headless engine powered by two, including 18V LXT® batteries, with Automatic Speed Change™ technology that adjusts cutting speed and torque during cutting for optimal performance. The saw has a variable speed control (2500 to 6300 rpm) with soft start and electric brake. It has a large cutting depth of 2-3/16" at 90°, with a bevel range of -1° to 48° and positive indentations at 22.5° and 45°. The computer's power™ allow the tool and battery to exchange data to protect against overload, overcharging, and overheating. Compatible with Makita 18V lithium-ion batteries with the star symbol on the battery. Features: Powered by two included LXT® batteries; X2 LXT® technology delivers more power, speed and run time without the hassles of a cordMakita built electronically controlled BL™ Brushless Motor delivers 6,300 RPM for maximum performance and 50% longer run time per chargeAutomatic Speed Change™ technology adjusts cutting speed and torque during cut for optimum performanceClose to the wall cutting (11/16") for expanded cutting applicationsIdeal for cutting large wood panels, other wood materials including melamine and MDF, aluminum, and Corian® with optional, material specific bladesLarge cutting capacity (2-3/16" at 90° and 1-9/16" at 45°)Bevel capability (-1° to 48°) with positive stops at 22.5° and 45°Electronic speed control maintains constant speed under load for smooth cuttingSoft start feature for smooth start-upsSmooth and convenient plunge release lever for operator comfortDual front and rear bevel supports provide additional rigidity for precise and accurate bevel cutsOn-board hex wrench for fast and easy blade changesLocking lever holds the blade in position so that the wrench can be inserted through the hole in the blade housing for easier installation of the bladeStoined depth stop allows you to make a preliminary first cut of 2 to 3mm before cutting the entire material for clean and 1-7/16" the back dust port directs the material away from the operator and easily connects to the vacuum systemIn includes a premium 55-tooth ultra-thin saw blade with a carbide notch tip (B-57071), which is ideal for cordless circular saws with up to 66% more cut compared to our standard cable submersible saw blade (B-07353)Slide the lever at the saw base so that bevelled saw blades are quickly approaching the stopcompot and ergonomic designs with a long 13-5/8"; weighs only 11.2 lbs. with batteries for reduced operator fatiguePrecise 90° and 45° bevel cuts as the position of the blade enters the material on the same sight line when using a guide railEquipped with Star Protection Computer Controls™ to protect against overloading, over-discharging and over-heatingDual-Port Rapid Optimum Charger charges two batteries at the same timeRapid Optimum Charger communicates with the batteries built-in chip to optimize battery life by controlling current, voltage and temperatureFor more efficient charging, the Rapid Optimum Charger has built-in fans to cool the batteries fasterTwo 18V LXT® Lithium-Ion 5.0Ah batteries (BL1850B) feature an integrated LED battery charge level indicator5.0Ah batteries (BL1850B) reach a full charge in 45 minutes or less (1) 18V X2 LXT® (36V) Brushless 6-1/2" Plunge-Cut Circular Saw (XPS01Z) (2) 18V LXT® Lithium-Ion 5.0Ah Battery

(BL1850B) (1) 18V LXT® Lithium-Ion Dual Port Charger (DC18RD) (1) 6-1/2" 55T C.T. Cordless Plunge Saw Blade . Wood, MDF, Lam. (B-57071) (1) Hexagonal wrench (783203-8) (1) Interlocking case, X-Large (197213-3) (1) Interlocking Case, Medium (197211-7) (1) 55" Guide Rail (194368-5) With Rockler Protection Plan, you will receive accidental damage coverage immediately after purchasing your tool. In addition, we will extend the manufacturer's warranty on your choice for another 1 or 2 years. We take care of all parts and works for all repairs, without deductibles and without objections. If your tool cannot be repaired, be happy to replace it. Only available in the USA. Click here to read more. More information Make Makita Manufacturer Part Number XPS01PTJ + 194368-5 Weight 34.650000 Tech Spec Blade Diameter: 6-1/2" Gazebo: 13/16" Maximum Cutting Depth (per 2 90°): 2-3/16" Maximum cutting depth (at 45°): 1 -9/16" No load speed (variable speed): 2,500 - 6,300 rpm Compatible battery: (2) 18V LXT® Lithium-ion total saw length: 13-5/8" Guide length: 55" Net weight (with battery): 11.2 pounds. Power type: Cordless battery
