This message will be submitted to the user once during the browser session. This letter is a disclaimer letter so that the user knows that this information is unaudited information. To be taken into account in the program, the user must read the message, scroll to the bottom of the message and click I understand: Continue. Basic Search: To start a basic search, use the drop-down box to fiscal year you want to search. You have the opportunity to Salaries & Travel data by person, name, or organization. Select the category you want to search for. NOTE: To display any information, each search will require an organization type. If you choose to search by person, you'll go to this screen: Select an organization type and start typing the name of the person you want to search for. At least 1 letter is required. This field cannot be left empty. Additionally, special characters are not accepted except for a comma. NOTE: To get the exact match, type: last name, first name. Do not use a space between first name and last name. When you search by name, the following page will appear: Select an organization type and start typing at least one letter to get a list of names. The more letters to the type, the closer the match you get. When you search by organization, you'll see the following page: Select Organization type, and then select Organization from the drop-down menu. To display the data, click Search. If you have multiple search pages and want to view data from a specific page, you can enter that page number in the field below, then press Enter. NOTE: By clicking the Back to Search button, you will be redirected back to the main page of the salary and travel compensation search and all your search criteria will be cleared. Sort columns: 1. Click the name of the column where you want to sort the information. 2. When the arrow is displayed at the top of the column, you can sort from ascending to descending order. *There are options to export data in CSV (Excel format) or PDF format. The PDF format is limited to 100,000 entries. NOTE: Use the Advanced Find feature to filter data for a specific position and combination of names in a specific organization. Advanced Find: 1. To start advanced search, use the drop down box to filter the year you want to search. 2. Select the type of organization you want to search for data in. (This is necessary to start the search.) 3. In addition, the Organization, Name, and Name fields can be used alternately to retrieve the search data related to the specific organization, name and name required for the search. When searching for a specific name, type the first letter of the name, and the drop-down box will display a list of valid organization names. The more letters you get closer to the match you get. NOTE: If you save only one letter, only the first 15 matches will be displayed. If you know a name, you can also enter the first letters of the person you're looking for. NOTE: To get the exact match, type: last name, first name. Do not use a space between last name and first name. Then, to display the data, click Search. 4. The results of all your search criteria will be similar to those If you have multiple search pages and want to view data from a specific page, you can enter that page number in the box below, and then press Enter. Sorting columns: 1. Click the name of the column where you want to sort the information. 2. When the arrow is displayed at the top of the column, you can sort from ascending to descending order. *There are options to export data in CSV (Excel format) or PDF format. The PDF format is limited to 100,000 entries. NOTE: By clicking the Back to Search button, you will be redirected back to the main compensation search page and all your search criteria will be cleared.
