Calories in apple pie blizzard

citric acid, salt), water, sugar, brown sugar, apple juice concentrate, corn syrup, modified cornstarch, lemon juice concentrate, cinnamon, malic acid, potassium sorbate (preservative), sodium benzoate (preservative), natural flavor (contains beaten-up dairy components), salt, . Replenishment: General declaration label, ingredients may vary from supplier; Water, high in fructose corn syrup, hydrogenated palm kernel oil, contains less than 2% of the following: sodium caseinate (a milk derivative), Dextrose, Artificial flavor, mono and diglycerides, carbohydrate gum, polysorbate 60, Xanthan Gum, colored turmeric and Annatto extracts, caramel coated truffles: sugar, coconut oil, corn syrup, palm kernel oil, sweetened condensed whole milk (milk, sugar), heavy cream (milk), water, contains 1% or less natural flavors, butter (milk), salt, sea salt, Cocoa, Soy lecithin (One emulsifier), Paprika Oleoresin (Color), Sunflower oil, Pie pieces: Fortified wheat flour (wheat flour, niacin, reduced iron, thiamine mononitrate, rib oflavin, folic acid), vegetable oil spread (palm oil, water, soy oil, contains less than 2% salt, natural flavor, soy lecithin.), sugar, whole egg, water, sodium propionate (preservative) , salt, potassium sorbate (preservative) . Here are the foods in our food nutrition filing database that were used in nutritional calculations for this recipe. Calories per serving imperial flour, white, (0.25 cups)99 calories granulated sugar, (0.13 cups)88 calories abbreviation, Crisco, (0.80 tablespoons)75 calones brown sugar, (0.09 cups, packaged)59 calories flour, white, (0.13 cups)45 calories apples, fresh skin, (0.63 medium (2-3/4 slides) (about 3/lb))29 calories caramel, (0.75 pcs)7 calories blue bonnet butter, (0.09 servings)5 calories flour, white, (0.01 cups)1 calorie cinnamon, ground, (0.13 tsp)1 calorie nutmeg, ground, (0.06 tsp 0 calories salt, (0.06 tk)0 calories water, tap, (0.02 cup (8 fl oz)) Page 2 Page 3 Of dietary guidelines Americans recommend limiting saturated fat to 20 grams and sodium 2300 mg for a typical adult eating 2,000 per day. 2,000 calories per day is used for general nutrition advice, but calorie needs vary. Important statement: Nutrition information is based on an analysis by R-TECH and Commercial Testing Laboratory, Inc., as well as representative values of manufacturers Genesis R&D® SQL and USDA. Allergen information shall be provided by the ingredient or the manufacturer of the product. The information contained in this assumes that the components and standardised preparation procedures. Seasonal and manufacturer variations may also affect information. This brochure is intended for permanent menu ® of restaurants (DQ Grill & Chill® or Brazier® approved by DQ. It does not apply to: (1) test items; (2) non-system food sites selling food products not approved by DQ (DQ Grill & Chill, Brazier or Limited Brazier may determine approved system food locations by contacting the restaurant operator); (3) restaurants in Texas which have their own authorised food system and nutritional value information; (4) soft-serve products in certain New Jersey stores which use soft service significantly different from the standard DQ soft-serve nutrient content, including increased butterfat content; (5) some location-specific menu items. If you have any questions about a menu item, please contact the store operator or manager. Allergenic declaration: DQ sites contain allergens that may come into contact with food. Since allergens are present in all DQ locations and cross-contact can easily occur, we cannot guarantee that any element is allergen-free or the accuracy of the data, as it applies to prepared menu items in one place. We recommend that you inform the restaurant about allergies before ordering and ask them to look at the list of ingredients on the packaging of the product you want to buy. Fish/mussels: DQ locations use the same equipment (including deep fryer) as non-fish/shellfish products such as fries. While the frying process typically denatures allergenic protein, it is possible that the fish/shellfish allergen protein will remain in the cooking oil or on the surface of the appliance and come into contact with other DQ products. Soy oil: Our cooking oil is a vegetable oil blend with soy oil. While soybean oil is not recognized as an allergen, consult with your doctor to avoid soybean oil. Gluten-sensitive: Gluten is in many DQ products, and cross-contact can easily occur during product preparation. For those with gluten sensitivity, we recommend you try one of the manufactured novelties: Dilly Bars, Buster Bar Treats, Caramel Bars, Vanilla Orange Bars, or Starkiss® Bars, which can be found in clean, sealed plastic wrappers. These products are produced without wheat, rye, oats or barley in an establishment with a limited risk of contact. This does not apply to Dilly Bars or buster bar sweets in paper pockets, which are made on store premises and are subject to potential cross-contact. For more detailed information on food ingredients, to visit the U.S. Food and Drug Administration Center www.cfsan.fda.gov. For more detailed information on food allergies, we recommend that you visit the Food Allergy and Anaphylaxis Network website: website: * In this menu item, locally sourced components are used. Please check allergens at the local restaurant. Products and menus may vary by location. Not all of the products listed in this publication are available in all locations.
