Last Updated Apk File1.1 MB on 03/11/2017 by Prince Chaudhri Hidden Recorder Pro Apk - Download Hidden Recorder Premium patching Apk for Android Free, With this app, you can record audio and video without taking your phone, simply by pressing the button on your device for two or three seconds (by pressing twice you'll find out it with a little vibe. You can stop recording in the same way. App Features: ★ Record audio in the background. ★ Record a video on the front or back camera on the back. ★ Start recording has an open application. (You only need to open the app once since you last turned on the phone) ★ Start or stop recording by pressing the power button on the device repeatedly. ★ Start or stop recording by pressing six times more hidden WIDGET (transparent) ★ Start recording when the countage reaches zero. ★ Three qualities are available for audio recordings and four for video. ★ simple and uncomfeshing interface to avoid attention. ★ Application names won't appear in your device as a hidden recorder. ★ Protects access to applications via password. ★ Application Completely Free Installed The Last Mirror Link Apk Updated on 24/05/2018 by Prince Chaudhri Secret Video Recorder Pro - Download Recorder Secret Video Pro full unlocked apk for free Android, Video Recorder Background is a camera application that helps you record video in the background with the option to enable/disable the sound of the camera Useful functionality includes continuous recording when your screen is turned off, scheduled recording, easy to use one-click Video Recorder shortcuts/widgets & support for multiple languages. Video Recorder Pro information + On Android 6.0 Marshmallow please select allow all permissions + Beta Version here [FOQA] Q: Why did the recording stop when the video file size reaches 4GB (about 30 minutes)? A: Default, the Android system will stop recording when the file size reaches 4GB or the duration is 30 minutes. You can enable the Limit time and recurring recording features to try. You should set the maximum time is 30 minutes or shorter (the best option is the video duration on your device when the video file reaches 4GB) to prevent accident files. Or if you save a file on an SD Card, you need to format the SD Card is exFAT instead of FAT so that the app can record a long time video (more than 30 minutes). [Main Features] + Record videos in the background while you use your phone other functions + Support multilinguality (English, Czech, French, Brazilian Portuguese, Italian, Swedish, German, Spanish, Russian, Simplified Chinese, Arabic, Turkish, Dutch, Polish) + Cut videos after you record them + Enable/disable preview view + Enable/disable the sound of the shrugging + Support Night Mode + Support white balancing automatic with a variety of advanced options + Integrated Google Drive Backup + Schedule your camera to record video at certain times + Support changes to widget icon + Back and forward Fix the length of time you want to record + Support auto stop recording when device storage is low + Multi-file resolution (HD-720p, Full HD-1080p, 480p...) + Applications + Click the pink floating button in the app or click the Video Recorder/widget shortcut to start and Background Video is a free app. Just install, prepare and enjoy!. If you like the app please rate it 5 ★★★★★ & give a devastating review. I really appreciate it! [NOTE] + For the app to work properly if you update to google play services 9.0 DOWNLOAD LINK 1 DOWNLOAD LINK 2 Secret Video Recorder Pro Size: 4.60 MB | Version: 3.1.7 | File Types: APK | System: Android 4.0.3 or Description higher : Secret Pro Video Recorder without ads and full features!
