Timer 1 hour 12 minutes

Popular Preset Timers Plus timers If you need to set a timer for 12 minutes, then you are in the right place! This simple-to-use web app is free to use. No download required. You just set the clock and use it whenever you want. Here's how it works: If you want to enter a message for your clock, simply type it in the message box. For example, you could enter Time for another 30 inchesup 30! Then, select the sound that you want the timer to make when the countdown is complete. You can choose between a tornado siren, newborn babies, sunny days, music boxes, bike horns, and simple beef meat. Just click the one you want to use. If you need a timer set for a different time amount than 1 hour, it is simple and quick to change the setting. Simply click Use different clock online and you will direct you to a new page. You can choose between an hour-based clock that ranges between 1-12 hours, a minute-based timer that ranges between 1-120 minutes, and a second timer based on that ranges between 1-90 seconds. After choosing the clock you want, then you will be taken back to enter your custom message and select your alarm tone. That's it! Your time will be automatically saved so that they are easily available for future visits.
