..... Related links to Breastfeeding Answers Made Simple: A Guide to Helping Mothers by Nancy Mohrbacher EBOOK: book, but I finally did! It will be the perfect reference to answering questions in my role as leader of La Leche, and even to answering my own questions and questions from friends. I like that it's so up-to-date, with all the most timely research information. Excellent book. I highly recommend all nursing helpers/professionals and all healthcare professionals working with mums and babies to read it. I think there is some new information missing and I hope to see a review soon, but this is an excellent book. I can't believe I knew about it until this year! As a first time mom, this book was very reader friendly and recommended by a certified lactation consultant. This is a wonderful reference book. I haven't read the whole book, but it's really valuable resourse resourse
