Dangerous fresh scenes, even evolving infected, and the key to the hosts being at the bottom of the city... The conflict will be hugely difficult. Go back to where it started and fight Netease has not released any new games on the mobile platform in recent months. They're still doing well with other blockbuster games like Survival Rules, knife out... Recently, Netease has continued to release its latest game called Life After (The Day After Tomorrow). The game continues successful survival games on mobile when it brings attractive game elements in beautiful 3D graphics. Netease has designed an open map, allowing players to venture out, admire the beautiful and exotic landscape. Also, you'll have to resist its toughness. If you can't get enough food, water and shelter, you're going to die. Life Following made assessments in August. At that time, in case you wanted to play games, then you had to work with a VPN to change the IP sites in the nation that was supported. Ultimately, NetEase declared Life After formally released on iOS along with Android platforms. You can download it for free. Within the following guide, along with these sports features, we will explain how you can install and download the latest Life Following Mod a Cost. Amazing new features of LifeAfter Mod Apk Like any other survival game, players will have to collect materials, build shelters, find food and build powerful weapons to defeat those infected. There are factors that should always pay attention to HP, Hunger, Health, Temperature and Vitality. You have to manage and make sure that all indicators are always green which means your character is healthy and ready to fight. The world in life afterwards is full of dangers. You need to know how to survive and always pay attention to the time because infected appears more at night. If your character doesn't have enough equipment, the best thing you can do at night is hide in an empty house and wait for the sun to rise. If you are worried that you are wasting your time, the game will keep you busy. There are mini-games that you can play with your friends to wait for time to pass. To provide a more realistic world for players to explore, Life After leads weather circles to constantly change the elements of the game and make players more difficult. When the character moves to new lands, time will change. It's not just shown for fun. It really affects your character's survival. You should remember not to catch a cold in the rain, warm up in thick clothes if you encounter the snowfall, as well as walk carefully in the sandstorm. Life After Mod Apk download for Android Life After is a post-apocalyptic mobile game that takes the theme of Zombies, where players have to try their best to survive. The story begins after a rare virus grows rapidly and attacks the world. They transformed humans into infected zombies. Only after a short time, the world was almost destroyed. There are only a few people lucky enough to escape these attacks. You're one of the survivors. When night falls, you can feel the growth of the infected coming. You have to hide in a safe and light place, where all you can do is pray for the sun to rise again. Keep your will to survive and wait alive:- The world you once knew so well is now a foreign place in the wave of a virus epidemic. The lives of survivors are constantly threatened by diseases, hunger, cold, infected and organizations with hidden agendas. You're going to have to stay calm amid all these dangers and believe there's a way out. Live with anything available:- Explore every inch of the post-apocalyptic world -either in the city full of infected, or an abandoned mine, or a broken down university, or a frozen cold forest in the highlands- to slaughter essential materials to survive. You will need to know how to hunt and gather to eat, how to tend to your wounds and make weapons to protect yourself. meet with Survivors:- You can meet other survivors in their scorpion careers. You're going to have to be very careful, because they could attack you for loot. If they are kind, friendly, Choose to share with them your food, ammo and adventure stories. Build the ultimate sanctuary for humanity:- With trusted friends on the way, you can find a place to camp and build, one brick at a time until you have the ultimate sanctuary for humanity. Together, around the bonfire, humans can once again defend themselves from the long, cold night with hugs.
