We watch wrestling

Keep up with the latest daily buzz with the daily BuzzFeed newsletter! For some time now we've been trying to line up an interview for the magazine with Klaus Kleinfeld, the charismatic and dynamic new CEO of German electronics giant Siemens. He was praised to us by his team-friends who thought he might be the next Jack Welch. Last week, we were consulted by Siemens' PR people that Kleinfeld has been focusing on internal communications for this time. Unfortunately for Kleinfeld that included communicating with 1,350 workers last week that they'd been losing their jobs. As for complex issues, Kleinfeld is now subject to allegations in LiveAbout this week of using cookies to give you a great user experience. By using LiveAbout, you accept the use of our cookies. TranscriptGLOW stands for gorgeous women's wrestling. We played Dawn and Stacey, two hairdressers who auditioned for GLOW. Loc One! Lao Alright! How do you feel now? I'm a little worried about my hair. (laugh out loud) Wrestling is athleticism plus entertainment. It doesn't kill your opponent. It makes it look like you are killing your opponent. Have. (shouting) No, no, no, no, no, We have to go. Jessica, stop, stop! You're in pain, you're hurting her. I don't know my own power. (shouting) We have to go. She's still on top of me! I don't know. Oh, wait a while. (shouting) I don't know. We've never struggled before, so before we had toshoot GLOW We struggled with our feelingsYeah, but physically we couldn't physically slam a soul. Not even a fly, before we start GLOW. If I had grabbed her with her hair (scream) You take that! All I have is my hands just against her head like this,Okay (laughs). And shebeautiful.She is selling it. Put your hand on my Okayhair like that, right (scream). And now you look really shocked. Why don't I try it on you? It's all right. Do I put my hand on top? yes, just like that. We have to go. yes that's for sale. yes, so let's say I just put it and I just like (grunts) (screaming) Take that cruel beauty! Wrestling itself is very empowering. I look at every woman that I work with differently nowbecause you can see, they can be small, they may be big, they may be tall, but they are beasts within, and that isYeah.the most interesting thing. (shouting) We have to go. It's cruel. I win, I win. But now there is no need to dip into the men's section (although you can still if you want). Classic brands such as Rolex and Cartier offer a full range of styles and fashion brands such as Tory Burch are also taking part in the game. Here are the 22 best watches for women, whether you're looking for a family treasure or a budget-friendly statement.
