I may not seem to find the answer ... I want to hire more than one person because my friends are not sure which one actually sticks around and subscribes to 90 days and what happens ... Hi Everyone, I've seen a lot of messages about the Recruit a Friend feature recently. I understand the confusion, it doesn't seem to be a definitive answer everywhere about how it works. I hope I wanted to send this to answer all the questions I have any and everyone. I have been throughout the process and I have made a lot of mistakes along the way and I feel like I want to share your experiences with you. First of all, Useful Links: Recruit a Friend (Official)Recruit a Friend SubRedditMAKE NOT RAF SUBREDDIT! This is NOT a place to discuss TRADE CODES WITH PEOPLE The Make Friends system is a system that rewards existing players to bring new people into the game. The main incentives are twice as many. Both you and the player you invited are in the 25th minute. These rewards depend on the total subscriber time (not including the trial version or your first free 30 days). 30 days, you'll both get Circlet, 90 days, you'll get chocobo.Now, up to this point everyone has been informed that you can find everywhere. I hope it will help you if there are unusual questions in the next section. The total duration must accumulate on the ONE character. If you use the ONE Circlet.If subscription service (i.e. Basic Subscription (30 Days)) to subscribe for all 30-Day of THREE friends, you will need to wait until you count up to the Veteran Rank you want. What this means: If your friend wants to use the subscription function, their subscription must be renewed three times before they can reach Veteran Rank 3 before you can get your Chocobo. That'll take 90 days. If you want your rewards instantly, the account owner must purchase Game Time Cards (60 Day Subscription @ \$29.99). You can buy this in person (I personally purchased my Best Buy, marketed with PC Accessories) or buy them online and get the code sent to you. You're going to need two. You will receive a 120-Day Subscriber period as soon as you request these two, and you will receive rewards for your Veteran Rank immediately (or near you) through the Moogles Distribution System in-Game. DONT DESERVE players whose subscriptions have expired (i.e. people who used to pay, quit/cancel, and now want to come back). NOTE THAT YOU DEFINITELY ENTERED THE SUBSCRIPTION CODE BEFORE THAT. You want to know if I'm going to a couple's house with someone else? Steps: Create 3 fake email accounts using email hostess according to your will. NOTE TO HOTMAIL/OUTLOOK Users! After you made your account, YOU ENTERED YOUR EMAIL. IF YOU DO NOT DO THIS AT LEAST ONCE, NO EMAIL WILL BE RECEIVED. This is important for Step 3 because when you create Square Enix accounts, it requires you to verify them via an email. If you don't receive the email, you'll have to wait a full 24 hours before letting you try again. YOU ARE WARNED (I don't know if this applies to other email hostess, but sad is better to be more secure)Alternatively, you can skip this step and keep everything in a single account.1.5) In your real/main account, select a Friend Novice and send every new email code you create. Keep in mind that you have to wait 3 hours between sending code, so if you're doing this for 3 accounts, that takes a total of 9 hours. This is why I put this as 1.5, because I forgot to add and I am not too lazy to change the other step numbers.2) Buy 3 copies of A Realm Reborn. Digital keys can be easily purchased at the Square Enix store, but only 1 person can be purchased at a time. This does not need to make separate store accounts because the codes are not automatically applied. You will receive a link to the codes in the email to which your store account is linked, and you can apply the codes to any account.3) Create 3 Square Enix (not store) accounts that will ask you for basic information such as name, address, and so on. For this you do not need to make up fake information, you can use your real name, address, etc. as much as you want, they do not care. An email verification is sent to the email where you saved the account. If you didn't receive the email for any reason, as it warned in Step 1, you'll need to wait a full 24 hours before trying to use it again. However, as it does not require using the game code purchased as registration, just make another new email and try again. If you're adding to a single account, skip step 34) Once your account has been confirmed, log in to Mog Station and save one of the purchased codes to the account. If you're adding them all under a single email account, you'll add new accounts to Mog Station and apply the codes to themNOTICE! YOU DONT HAVE TO SUBSCRIBE! AND IF YOU SUBSCRIBE BEFORE APPLYING A FRIEND CODE, DONT APPLY THE CODE AND IVE WASTED YOUR MONEY FOR THAT ACCOUNT 5) After you save the game to the account, find and click a button like Apply Friend Code. Enter the code from Hiring a Friend You Sent 1.5. If installed correctly, you must receive a screen confirming the code entered. If you want to subscribe for any reason, you will do so now after the code is applied.6) 4 and 5 for the remaining accounts. Old Gridania, or Ul'dah (I can't remember where Ul'dah is, in front of the fountain by miner guild aetherite) and all T5 boss (adds not included)8) Diving FRIENDSS Special Important Additional Information Desu: Gives work five times alone, a total of 25 times. Twintania costs 15, Amber Draught Chocobo costs 8, all paints and aetherite tickets cost ONE, and I get FIVE DYES per purchase and I really mean, because really, I don't remember how many aetherite tickets who are buying? Page 2 39 comments Hey I A friend bought the game with Heavensward with steam sales but didn't tell me as it was a surprise and he didn't know it was a reference program that could take advantage of both. I just heard that they might actually referre someone before they started the game, but now he's only stated that I can somehow look at him in partnership? Thanks a lot! EDIT : Solved, thank you very much ! So if a friend works with a friend who works if they have a free trial version and I email them a novice friend, if they buy the game after receiving the email? Hey folks, that's why I'm playing free logon weekend (half-spinning player) right now. And my friend, who plays free trial for life and enjoys himself, can't find any option way to MGSstation to send me a beginner code. Do I have to subscribe to see a beginner button? If I'm hired, can I still hire people? the website is very thick. Also, my friend can use an RAF code in his trial account or he needs to make a new account? On page 2 6 comment 1.0 see if anyone knows if a friend codes business. I still remember reading a year or 2 before I worked, if I know I only have a flooring around it is looking for its value or not.
