I don't think the reward for completing a quest is great. Not a big boost after completing 20 missions. The item cards and the required quantity can be reduced. Or produce items that have not been collected instead. To complete it faster as it can take months when there is a challenge. I'd also like to see groups for all emojis, a Robin Hood group for example. Addictive and varied. Natalie Malone: It's amazing, but can be very annoying. If you need a specific emoji. To complete the mission and you don't have it. The stick will serve to ensure you get the one emoji you need. Instead of a new icon. Or you get it naturally before you need it. I'll never know how. That someone has enough gems to buy a card collector. But I never got close. So collecting rare items takes some time. Randal Tarver: Great game! There are plenty of events and goals to keep it fresh. Very easy to play without spending a lot of money. Sure, you can't always get it. Emojis are exclusive, but that's only part of the fun. Paying to increase your chances is always an option. And that's what keeps the game going, but no one is ever forced to pay a penny. Shunai: Of course it's a good game. IT HAS BEEN! There are a few mistakes here and there. There. I think a lot that has to do with my fast gameplay and terrible wifi. If there's one thing, I'll complain about it. Is the keyboard not working on my phone from what I have tried at least. It's a 5 Stylo, if anyone has any advice. Zane Mayberry: It's so much fun and a great time killer! The only problem I had was that I had to see the ad. For another network, and then I have to wait. I can see why they added that mechanic. But I'm going to make more lives. Also good games! 10/10!
