Post up urban dictionary

A phrase commonly used by hipsters to show that they want to lean against (or post up) against a wall, preferably brick, smoke a cigarette or drink a box of Pabst Blue Ribbon. Hipsters are driven to believe that this is the cool thing to do. If there is no cigarette in hand, some hipsters replace the vacuum with a box of PBR, the well-known hipster beer. If they don't have anything in hand, they fail to be properly hipster. Generally, if caught on this stage, the hipsters will lift one leg and rest the sole of their shoe on the side of the wall, complementing their cool appearance. When he is suggested to post up, a fellow hipster knows exactly what he/she is talking about and will usually agree to. It's the hipster thing to do. Hey, man, let's mail. All right, man, let me get my cigarettes. Guys, I quit smoking. Victor: Don't worry about this man, you can still post with this container of PBR. Take the position until walking neck and mug.
