Found on il\_fullxfull.385589989\_9djh.jpg beds antique Victorian beds antique cast iron beds ... Queen-sized Duchess with cast iron centre cameo in magnolia Queen-sized... Hearts and spiral headboards This is a common style you are likely to come across more than once. The wrought iron frame is decorated with hearts that are placed horizontally along the headboard. Below the heart there are vortexes and spirals, adding a curvy look and enhancing the beauty of the headboard queen bed. Improperly curved wrought iron headboard A very unique look for a queen headboard, this design will be a hit with everything that goes for a contemporary look. It's going to be hard to find someone you know who already has something that looks like this. At both ends of your queen bed, there will be uneven vertical columns that are bent and curved to resemble branches. Some variations of this design may even have small sheets and other ornaments that are shaped into a pattern. Simple vertical wrought iron beams Not everyone wants a headboard that is full of character and detail, and if you are looking for something a little simpler, this could be a good design for your room. RA rows of wrought iron vertical beams are evenly lined up, with lighter longer ones in the middle to accommodate the curved beam looming. Curled curved headboard This is also a simple design, but it has more detail than the simplest and most direct versions. The left and right sides are curved and slightly rounded to allow for a more detailed appearance, while wrought iron beams are intertwined or crossed in certain areas which immediately gives an effect consisting of much more detail. Four wrought iron posters headboard and a frame If you choose a frame for your bed that has four posters, you may not need to buy a separate headboard. Therefore, it is worth thinking about exactly what you want for your bed in the long term, because in the short term you could save some money by combining frames and headboards. This design has a finish that is usually matte and black or white. It is often available in more than one color to provide optimal choice. Upholstered headboard with wrought iron frame You may decide you want something a little softer and more comfortable to support your queen bed. If this is the case, upholstered headboard can be a good choice for you. The inner frame is made using wrought iron, giving it a large amount of solidion. Upholstery allows you to Sit in bed without worrying about pieces of hard iron. The head of the circular sample of the forged iron it has the shape of a coined iron head that has several circular outlines in the middle of the head. It's a simple design, but it has quite a lot of detail on. At the top are circular or oval shapes that are smaller than the main ones at the center of the header. The sides can have small square shapes are further smaller circles. Circles.
