## What is my great niece's child to me

You probably recognize the English melody Greensleeves as identical to the Christmas anthem, What child is it? Richard Jones was originally credited with writing Greensleeves in 1580, but some believe that King Henry VIII, rather than Jones, wrote it. Whatever the real composer, Queen Elizabeth I, Henry's daughter, loved to dance on it. This traditional song was also mentioned by William Shakespeare in The Merry Wives of Windsor. In 1865, three stanzas from William Chatterton's poem Ten The Manger Throne were put to the air, giving birth to What a child is it? Advertising 1. What a child is the one who, rested, on Mary's lap sleeps, May the angels greet with gentle hymns while the shepherds watch. This is Christ the King, whom the shepherds keep and the angels sing. Nail, throws it will pierce through, The Cross will be carried for me, for you; Hail! Hi the Word made Chair, The Baby, the Son of Mary! 3. Then bring him incense, gold and myrrh; Come on, peasant, king, to own it! The salvation of the King of Kings brings loving hearts to the intronment! Raise, raise the son of Mary! Christmas sheets: Which child is it? Good Christian Men, Rejoice, our next song, was written in the 14th century and has undergone many transformations since then. Read on to learn more about it. Have you ever felt that others are there to have you, or that you are in danger even if there is no clear threat? Is this normal in today's crazy world or is paranoia creeping in? Like many other parents, I worry about child prodigies. I fear that the fire that drives them to reach so many young people will burn them one day. That they peak early, fail to distinguish themselves as adult artists and find themselves without showing anything for a lost childhood to practice, paint and play chess. I was touched by the story of Saul Chandler, a hard-drinking and lonely boat captain from New York who was Saul Lipshutz, a violin prodigy who played at Carnegie Hall before the age of 11, but had a nervous breakdown in his teens.
