Comments on broadview's complete writing guide: Even the most useful reference guides aren't always, well, let's say we've been told, a nudge. A refreshing exception is broadview's new writing guide, which is intelligent, useful and even fun to read. Gerald Graff and Kathy Birkenstein, authors of They Say / I Say: The Moves They Matter in Academic Writing HeadHow to be kind with words boldly any layered patch of ethical use that can be with clear looks, serious and generous, and refreshing wit.... [In general] Broadview's writing guide is not only informative and impressive; it's also informative. she is smart – smartly written and smart, Dennis Paoli, co- Hunter College, CUNY Broadview Guide remains the most readable writing guide at all costs. It's the only user manual I've ever read for fun. Besides, it's reasonable and complete. The authors accept nothing, but not lenient.... The 6th edition gives more space to the problems of gender, race and language addictions; most drivers do not draw enough attention here. The new chapter on visual literacy is also good - an interesting group of pictures "pictures together with a set of clear, specific ways to read them. Excellent choice.... The expanded coverage of the sixth edition makes this not only a comprehensive writing guide, but also a valuable introduction to communication and critical thinking in today's academic world. I will recommend this text to students at all levels. — Maria Dichenzo, Wilfrid Laurier University [C] Grammar and Usage Guide ... to cover everything I would like to point out in student writing. The MLA style section covers almost everything everyone needs to know about how to deploy this system of documentation ... The academic writing sections are very good - Bruce Greenfield, Dalhousie University In a market overflowing with writing guides, this practical book stands out.... [Broadview] guide ... rearrange this pedagogical area by providing clear and brief explanations, supported by examples. — Anne Kuema, Acadia University [The New] section on how language reflects and shapes reality ... is provocative thinking and sensitive.... In general, the book is comprehensive, balanced and engaged. I loved reading it, and I rarely say that about manuals and writing manuals. I'm sure students will find the book useful and inspiring. — Candace Fertility, Camosun College Writing Styles: OVERVIEW Selection of the best words be as clear and specific as possible watch for abbreviations Avoid must watch for missing parts Choose the best verb connect your ideas Clear paragraphing joining words order and weight your ideas according to their importance watch for ambiguous or confused links, which makes your writing a consistent agreement between the grammatical parts of your writing clock for mixed metaphors, diversity, diversity, Balance and parallelism writing context Academic writing: essays and arguments from the theme of the argument thesis The structure of arguments and paragraphing arguments, other styles and disciplines The language of academic writing for literature / Writing for texts for science writing in the workplace Slang and informal English Social context Gender race and ethnicity , class, religion, sexual orientation, disability, etc. No prejudice Short list grammar Basic grammar: Outline parts of word nouns Pronouns Articles Adjectives Verbs Adverbs Prepositions Alliances and Conjugations Parts of sentences Subject Predicate clauses and phrases parts of speech and parts of sentence Verbs and verb Difficulties Infinitive : Some challenges past the perfect time combining times, combining times – quoted material incorrect verbs Dangling Nouns and Pronouns Difficulties Singular and plural nouns Unferred or misquoted Pronouns Subject and Object Pronouns Rect and Adverbs Comparative and agitates unfinished sentences (snippets of a sentence) Sentence of Enaal: for those whose native language is not English (and other determinants) often use nouns continuous verb interruptions or repetition of the subject Conditional Worder PUNCTUATION period comma Commas Commas and non-restrictive elements that and which additional commas comma and lists question mark Exclamation mark semi-colon dash braces affair affair apostrof quotation marks other uses of quotation marks Abuse with quotation marks to denote single quotation marks Direct and indirect speech ellipses FORMAT and spelling capital letters Abbreviations Academic and business terms Latin Abbreviations Italics spelling and sound American spelling, British spelling, Canadian spelling Other spelling errors study and documentation Approaches to research Avoiding plagiarism quotes and documentation including sources summarizing paraphrase, quoting direct formatting quotes adding or deleting from quote signal phrases MLA style for text quotes for Quoted : MLA basic elements examples MLA style sample APA style development page including sources in APA style aggregation of paraphrase, citation direct formatting quotes add or delete from quote signal phrases for quotes in text references APA Style sample pages essay Chicago Style Chicago Style Pattern CSE Style Glossary of use CORK INDEX CORRECTION INDEX Corey Frost A former coordinator of the curriculum writing program at Brooklyn College, he is now a professor in the English department at New Jersey City University.
