Henry morris study bible amazon

In God and the Nation, Dr. Henry Morris invites you to see god's hand behind the rise and fall of the history of the great nations. Discover from a Biblical perspective why many of the world's superpowers in our ancient civilizations cannot even exist today. Nos to clarify your nation's future with this powerful study of the history of God's relationship with certain nations all the time. Morris, an acclaimed Christian apologist, believes the Bible is the most accurate source of geography and history. His comprehensive study of the origins, history and fate of nations should inform the strategy of each nation's government. This compelling bible study reference tool could ignite a broad evangelical revival and serve as a catalyst for the Church to fulfill the authority of God's reign and mission. In this theological masterpiece, Morris reveals: - God's purpose to nations - Why God needs a chosen nation – the importance of jews and gentiles in God's narrative of mankind – spiritual patterns that present as a nation appears, renounces and disappears – God's future judgment of nations These biblical truths effectively point to the infallible sovereignty of the almighty God, to whom nations have to drop a bucket (Isaiah 40:15). From 1. In Moses to Revelation, Morris successfully demonstrates the evidence behind God's great call to justice and leads to the healing of the people who live the powers of God in 2 Chronicles 7:14: If my people, who are called by my word, will humble themselves, and pray, and seek my face, and turn from their evil ways; then will I hear from heaven, and forgive their sin, and heal their earth. In God and the Nation, Dr. Henry Morris invites you to see god's hand behind the rise and fall of the history of the great nations.
