Every day at Lifehacker, we share with you tips on how you can work or live a better life using things you're probably just lying in front of you. But like our compatriots in Gawker, we decided to make a definitive list to tell you which of those things is best. Since we started reporting on important fruit issues, there's a lot of desperate gaspers out there... Read more First, a few rules to explain a few of the things that didn't make the list: nothing to connect to anything else. Nothing that makes sense for human consumption.
