This is my fourth year apart from the ISU dance marathon and I couldn't be more excited about what's in store. Coming to college I had the goal of getting involved in something that made the difference. When I attended the first ISU dance marathon big event, I immediately fell in love with the organization. The Iowa Dance Marathon is centered around our amazing miracle kids. These kids have gone through things I couldn't even imagine and yet every time I see them, they're totally full of joy. They do not allow their disease to prevent them from being children whose families are very positive and such good people. Our children are miracle/families are fighters. They are truly inspiring. Maybe you'll ask. I dance so that no child spends his childhood in the hospital dancing so that the children can have more birthdays I dance to uncle Mark who was diagnosed with gbm, a rare and rapidly growing brain tumor. As a child, he went to the University of Iowa for treatment and benefited greatly from the hospital and staff there. He died in July 2018 and I will dance in his honor. Marathon Dancing is my chance to help and bring back to these families. It's my chance to watch these wonderful kids at work learn real selflessness from other families and students. Your donation goes to programs and research that can literally save the lives of these children. My role within the dance marathon in the Implementation Support Unit is the Finance Manager. I work with the other 18 executives to control our annual budget and help plan events to make the 2021 Dance Marathon at Iowa State University one to remember. If the children can fight, then I can dance. Dance until April 17th, children and their families can forget about their monthly hospital visits for the day. I dance to celebrate the life of our miracle child, who lost her battle and is now a hero in heaven. I dance so that childhood disease is one day a thing of the past and we won't have to dance anymore, thanks to visiting my fundraising page and reading why I danced. Your support means the world to me! One day we will dance in celebration, but for now we are dancing for a treat. Forever FTK (for kids), Jessica updates because of COVID-19!
