Evangelical missions quarterly

Academia.edu uses cookies to customize content, customize ads, and improve the user experience. By using our site, you agree to our information collection using cookies. To learn more, check out our Privacy Policy. x EMQ Main Archive of Current Issues Subscribe to Submit Article Advertise Evangelical Missions Quarterly is published annually in January, April, July and October. EMQ provides a forum for sharing concepts, strategies and ideas. Each number includes 8-10 articles, 8-10 reviews of books and occasional articles, including: Editorial, Missiographic and Voices of the Past. EMQ is available for members of Missio Nexus online and in the following digital formats: web, pdf, mobile, epub. EMQ is a member of Missio Nexus. He's not a member? To learn how to join an EMQ reading group, click Subscribe in the top menu. On the Journal In the 1964 inaugural issue, Jim Reapsome, the first editor, said that the quarterly has two purposes: to make available to the Church as a whole a wide range of lessons learned from work around the world and for a missionary agency to encourage and inform each other in the field of ideas and practical missionary tactics. Missio Nexus plans to stay on this course. EMQ began as a printed diary then a few years ago it was offered simultaneously online. Currently, EMQ is available online and in the following digital formats: web, pdf, mobile, epub. It can also be found on Amazon as a bound PDF. If you are an EMQ subscriber, you are not a Member of Missio Nexus, but we would like to invite you to convert a membership subscription that will give you access to all membership benefits. Call 678-392-4577 or email us to make this happen. © 1996-2014, Amazon.com, Inc. or its affiliates To create a series or add work, go to the work page. The Common Knowledge section now includes the String field. Enter the name of the series to add a book to it. Works can belong to more than one series. In some cases, as with the Chronicles of Narnia, disagreements over the order require the creation of more than one series. Tip: If a series has an order, add a number or other description in parentheses after the series title (e.g. Chronicles of Prydain (Book 1)). By default, sort by number or alphabetically if there is no number. If to force a specific order, use a character to split the number and descriptor. This sorts (0|pre-view) by 0 under the label pre-view. Isn't it a show? The series was designed to cover groups of books that are generally understood as such (see Wikipedia: Book series). Like many concepts in the book world, the series is a somewhat fluid and controversial concept. A good rule of thumb is that the series have a conventional name and are premeditated creations, on the side of the author or publisher. For now, avoid forcing an issue with only lists of works that have an arbitrary common feature, such as a specific site. Avoid series that intersect authors unless the authors were or were aware of the identification of the series (e.g., avoid lumping Jane Austen with her continuums). Also avoid publishers' batches unless the publisher has a real monopoly on the works in question. So Dummies guides are kind of works. But Loeb's classic library is a series of releases, not a piece.
