Search results are sorted by a combination of factors to give you a set of options in response to your search criteria. These factors are similar to the ones you can use to determine which company to select from a local Yellow Pages directory, including proximity to where you're searching, experience in the specific services or products you need, and comprehensive business information to help assess a company's suitability for you. Preferred listings, or those with featured site buttons, indicate YP advertisers who directly provide information about their business to help consumers make more informed purchasing decisions. YP advertisers receive a higher placement in the default search results request and may appear in sponsored listings at the top, side, or bottom of the search results page.
