Take the next step in chasing the perfect cup with a drip machine that boils in a cone-shaped filter for the best extraction, and offers you control over the strength and temperature of your coffee. Hamilton Beach® a programmable coffee maker knows how to make the most of your favorite ground coffee, including the chance to wake up to a hot pot of coffee that is easy to pour. With an adjustable heating plate, you can control the temperature of your coffee - from hot piping to comforting heat. If you are dedicated to the great taste of coffee, this is the coffee maker for you. Cone Filter AdvantageCone filters allow better coffee extraction because the shape allows the water to travel more evenly through the coffee. Some filters in the shape of a basket may have dry stains that can jeopardize the taste. Experience the improved taste of taper filter extraction from Hamilton Beach® a programmable thermal coffee maker that also includes a free package #4 cone filters. Choose Brew Strength Get the preferred taste of brewing with three brewing options. Whether you prefer a bright breakfast mix or a dark roast, Thermal Coffee Maker offers you a choice of regular, bold and reliable brewing strengths. Adjustable Warming TemperatureKeep your coffee at the temperature you like with an adjustable warming plate. Choose from high, low and warm settings. And with the 2-hour automatic turn off, you don't have to worry about leaving it for too long, regardless of the temperature setting. Easy Pouring Get a smooth pour on each cup with a lid and handle designed for easy pouring. Automatic pause and serve allows you to grab the cup during the brewing process without any drops.
