Being the new Spanish language, I found this app to be very useful. Being able to write in English or Spanish words and phrases is very convenient. Thank you to the creators and everyone involved in making it so easy to use! It becomes fun to study and learn a new language! This app was my go to a place to translate in Spanish. A lot of it is a book I got through easily because of it. I love this app. He's got a huge list of words. It saved me countless times. If ever I don't know, what word means in any language I can rely on the application for an answer. The privacy policy for supporting developer websites when you realize you need a dictionary is too late. It's like toilet paper or a plunger. Dictionaries are very important educational tools, but they are often neglected by modern Spanish students. With your smartphone, you already have access to Spanish cards, educational podcasts and other tools on the go. So why do you need such a seemingly archaic tool as a dictionary? Why you need to download the Spanish Dictionary App, NowThe benefits of a traditional dictionary to transfer the application form. In addition, dictionary applications have all kinds of other features that make them valuable to students. The most important of these features? Comfort and discretion. Comfort. You are definitely too lazy to drag a large of printed dictionary around with you wherever you go. Dictionary applications have all the practicality of a typical printed dictionary, with just a little added portability, ease of navigation and convenience. Discretion. I mean, when you travel you don't want to stick out like a dorky tourist flogging on the street, right? Now you can just look at the Smartphone. People around you probably just think you're texting like everyone else in the world these days. How to use the Spanish dictionary app to teach languagesFill in blanks. When you forget a word, check it out! It's that simple. Sometimes you only need some instant gratification, so your conversation (or thought process) won't be shaking at a sudden stop. Set a timeout. It can almost feel like you're cheating to break out your smartphone every time you forget a word. Well, you don't have to do this. Let your brain fight and flounder to recall vocabulary and grammar on its own. It teaches your brain how to go digging for important language information. If you give up too quickly, he will no longer have this skill. That being said, you don't have to be too strict about not looking for information. Take a certain amount of time. If within, say, 2-3 minutes you can't break through your brain-block, you can solve that annoying word search. Keep the brain train at work. When you're trying to recall the vocabulary of a word—even if you're self-speaking, or make your way as close to a word as humanly possible. For example, if I tried to think of the word catnip in English, I could try to describe it by saying something like: It's that plant stuff you put cats and it makes them completely crazy. It's like a cure for cats... Then I would just go around and around until I finally have a word to pop into my brain, or until the interview partner traces me in Always have the word of the day. Some of the dictionary apps explored below have the word of the day feature on start screens or have a linked social media company profile that gives followers daily vocabulary. If you don't get it automatically, search and select a random word every day. Copy the word and its definition into your notebook and keep the list running. In this post, we will explore Spanish-English dictionaries and full-on Spanish language dictionaries. First, let's take a look at some Spanish language dictionaries. These are amazing tools for intermediate to advanced students who are constantly trying to be more completely immersed in the Spanish language. So, if your Spanish level is good enough that you don't need direct English translations, and Spanish language definitions are sufficient for your purposes, then this is a really great way to go. It's kind of like having a built-in synonymous app because you come across a lot of synonyms while reading definitions. If you're not 100% sure you can handle as much Spanish in your dictionary, just take the challenge and try it anyway. You'll probably surprise yourself with how much you understand! Without understanding each last word in the definition of the word, you will still have good sense of the word general meaning. Diccionario de la RAE (RAE Dictionary)Android App | iPhone app Price: FreeThis is the official dictionary of Real Academia Española, a royal device that manages the Spanish language as a whole. Some of the greatest artistic, literary and scientific minds have published a print version of this evil boy, so it's basically an extension of their name and institutional mission. This dictionary application allows you to view the RAE database with an elegant layout that makes it easy to feel academic. As for the practical aspect of this application, it has tons of available vocabulary, verb conjugations and fairly refined search functions. Diccionario Español by SmartpcxAndroid app Price: FreeSpecial features profusely in this unassuming Spanish-Spanish dictionary. Tons of vocabulary is available offline, and you can save and save vocabulary lists by Is. Color-coded themes and bold categories help you organize new information in your mind when you learn it. Do not know how to write a word? Voice recognition technology lets you easily speak the word you want to search for. It even has a cute little interface that allows you to flip pages with swipe fingertips as well as real-life books. Isn't that quaint? Diccionario del Español Coloquial (Colloquial Spanish Dictionary)Android app Price: FreeIntermediate for advanced students, pay special attention to this Spanish-Spanish dictionary! Absolutely everyone who lives abroad in the Spanish speaking world (including Spanish beginners) will appreciate this handy dictionary application. If you're often exposed to casual, spoken Spanish regardless of region or context, you're referring to words you don't always find in standard dictionaries that boast more formal lexicons. Here you will be able to search for all the best, juicy slang, from huevón (lazy bastard) to cabezón (brainiac). You don't just have to search, you can also scroll through the alphabetical list by eotic. Now we move our focus to Spanish-English dictionaries. Miriam Webster Spanish-English DictionaryAndroid app | iPhone app Price: \$24.99 USDA! All right, I'll tell you straight up—this isn't cheap. One reviewer called it a Rolls Royce of Spanish dictionary applications, and they are on to something with this description. The layout, quantity and quality of the content makes the old MW a clear winner of the cut when it comes to dictionary applications. Need a serious high-powered dictionary at your fingertips? Then you'll want to download the 30 day trial, take it on rotation and see how it works for you. If you like it — which I suspect you will — it will be time to part ways with \$25. However, this app comes with so many practical features that it really goes far beyond the name of the dictionary app. Indeed, it is in itself a Tool. This will store your recently searched words, save favorite lists, create vocab categories and deliver the words of the day. The search function is exceptionally forgiving of poor spelling and does a great job of ing ing ing ing into what you are looking for, no matter how bad you are with Spanish phonetics. SpanishDicAndroid application | iPhone app Price: FreeThis is probably the best free Spanish-English dictionary app on the market these days. Want to play around with a fun app? This one has your name. You will be able to watch recently searched words, get the word of the day, save the words you want to return, play addictive educational games, listen to audio recordings of need-to-know phrases and more. It's not all fun and games though—this app has an impressive offline dictionary that is pretty much as good as it gets when it comes to free services. This app has also come a long way in terms of technological enhancements, and is running smoother and faster than ever. QuickDic Offline DictionaryAndroid app Price: Free Holy Crap. This open source, completely offline dictionary opens up a whole new world of vocabulary search potential. If you want a dictionary for more than one language (for example, if you also know German or you are a native French speaker), this app has a golden ticket for you. If it offers a smart search that will suggest words that you can search for. This allows you to save your search history and keywords for future reference. Spanish-English comes built in, and is one of the more complete dictionaries available here. For the depth of information you get here, it's really incredibly how quickly this sleek reference machine gets to work. If you're the type of smartphone user who gets frustrated with a 2-second delay in a feature, you're just going to enjoy it. WordReference.com DictionariesAndroid Applications | iPhone app Price: FreeIf you're already using WordReference on your computer, then you know I saved one of the best for the last one. This online dictionary is at the heart of language learning. While doing translation work and writing in Spanish, he's my constant companion. Why am I so excited about this? The purpose of this dictionary is to provide you with accurate translations based on context. If you're looking to convey a specific atmosphere or track down dark-area-specific slang, WordReference is your best bet. Even for easier vocabulary searches, you will always get the exact word you need to convey the right meaning. Not to mention, you'll also get access to all the wordreference online forums, which is just fantastic when you want to see more nuanced discussions of words and phrases. And while dictionaries allow you to search for one word at a time, forums help you find things like professional email greetings and closing in Spanish.
