Mario goes on a quest to save Seven Star Spirits, and pick star rod from Bowser to save Princess Peach and Mushroom Kingdom.Takion Sun rates this game: 5/5Th is one of the few games where I just can't find one thing to complain about. Paper Mario is one of those rare games that gets it all just right: fun gameplay, charming characters, wonderful, exotic stages, and quirky humor. From start to finish, this game is pure, healthy fun, always challenging, but never frustrating. A game for everyone that everyone should play at least once. Mystics Apprentice rates this game: 4/5It's a wonderful RPG for those who aren't even like RPG's. It's regardless of the category of this game, it's still Mario, and if you like Mario, you're going to have fun. The only thing that really makes this RPG would be currency, wrestling, and the fact that you can talk to people. Otherwise, it is still some of the same activities that you will find in all Mario games. If you've played Super Mario RPG on Super Nintendo, this game has many similarities with it. Even the storyline itself is quite similar to where in this game you are looking for seven star spirits, and the unsemsemkls game you are looking for seven star pieces. It was really wonderful to see a remake of such a wonderful game. Personally, I found the aspect of this game to be a little strange at first. But everything graphics are cute and I think it helps make it a better game for kids to enjoy. Must be for any Mario or RPG fan. Lovish Says: A thrilling adventure awaits you! Paper Mario and Explore Explore the whole mushroom kingdom with your party members and keep all star spirits from Bowser followers. Also don't forget to save Princess Peach from Bowser! Zack rates this game: 5/ 5I grew up with this game. It's one of those games where you can just play it and never get bored! At least, that's how it was about me. pisk64 rates this game: 5/5One of the few games that I played on the N64 (the other was Kirby, Mario Party, Mario 64, and Mario Kart – all of them are great fun) But this is one of the most epic RPG's I have ever played on all gaming platforms. GET IT NAO! Page 2 Can't find this game anywhere, most rom sites have it taken down, for those who say they have it, I'm pretty sure there are viruses. just need help Paper Mario (v2) ROM Download Nintendo 64 (N64).
