Personal finance foundations: High School Edition for Homes school is a proven home-schooling curriculum for grades 9 through 12, used by more than 30,000 families across the country. Home schooling is a big commitment, but you make a big investment in your children's lives. And when it comes to teaching personal finance principles, we are here to help. Personal finance foundations: High School Edition for Homeschool is designed as the perfect curriculum that saves time and gives you everything you need for a dynamic learning experience. The curriculum includes student text, teacher resources and lessons provided by the foundation team via video. Our team works as financial experts, so you don't have to be, giving you time to focus on your students. In addition, the curriculum includes more than thirty-five activities focusing on providing personal financial knowledge and life skills for a student-centred, knowledge-based learning approach. Our blended learning website, the company's website, foundationsU.com. The Foundations series currently includes editions for both upper secondary and secondary school levels. High school weight can be used either as a separate curriculum or as a deeper dive into financial literacy from foundations for personal funding: Middle School Edition for Homeschool.
