Perry Stone is one of the leading authorities in the Bible Bible in the world and his research life gives him a vision and explanation of this sacred scatological book. Not only does it help you understand revelation, it also offers theological solidity and practical perceptions. Starting Much of the Bible does not read like a novel, a narrative, or even a history book. It is a living book full of prophecies, coded information about the origin of the Earth and of man, and is full of scientific facts that precede the discovery of these facts. For example, the Bible says that the Earth is round (Isaiah 40:22), and yet for thousands of years it was believed to be flat. This course walks you through two incredible teachings of Perry Stone. It will teach you about the Genesis Code and the Noah Code each a treasure trove of cryptic information in the Old Testament. Each of the lessons will leave you intrigued as knowledge reveals imself and begins to connect the interdependent points of biblical facts. How to start Videos on this course discuss how specific Bible prophecies that were written thousands of years ago regarding Israel and its surrounding countries are becoming reality. Prophets such as Zechariah, Isaiah and Jeremiah engraved the words God told them to write in their respective books, and now these divine revelations are unfolding today. Perry Stone examines these prophecies and gives written proof that God is true to his Word. In this course you will also see how Israel is God's prophetic clock to help us understand where we are in the prophecy of the Bible. The unique facts revealed in this course is taught by New York Times best-selling author and filmmaker Joel Richardson, known internationally for his research on biblical prophecy, as they correlate with contemporary news in the Middle East, especially Saudi Arabia. In these exclusives recorded at Omega Center International in front of a live audience. Joel Richardson talks about topics like Mystery Babylon, the likely real real location Mount Sinai, the future procession of Christ, and the common misconception of Middle Eastern history. Learning about how modern politics, archaeological discoveries and geography are shaping what we understand about the prophecy of the Bible. How to start This course delves into Daniel's incredibly complex and nuanced prophecies, specifically highlighting the parallels between prophecy in Daniel and Revelation. Some prophecies in Daniel have already come to pass, lending complete legitimacy and a framework within which future prophecies can be understood. Daniel's visions detail a wide variety of prophetic material, and in this course Perry Stone shows his years of study and vision on the subject. Ultimately, the material of this fascinating course culminates in the first and second comings of the Messiah and how prophetic language speaks of these momental occasions. How to Start This written course discusses the importance of specific natural disasters and their connection to biblical predictions and prophecies regarding the last few days. Using Scripture. Perry Stone explains how certain passages in the Bible point to common natural phenomena in this day and time. Readers will have a deeper understanding of the implications that today's natural disasters have on what we know about the end of the world. As we begin in the second course of this written series, biblical prophecies about terrorism and extremism are brought to the surface in light of the American war effort against terror. More specifically, Islamic terrorism further solidifies the story between Isaac and Ishmael and their descendants. Biblical evidence is provided in order to explain why these events are happening, as well as how these events correlate with the apex of revelation. As we begin in the third written course of this series, Perry Stone discusses whether America's fate based on what the Scriptures say? If the answer to this question is yes, what is America's role in the End Times, and how do these facts affect us today? These questions are addressed in this course, and the light sheds on the possible future of America as jesus' Second Coming approaches. How to start this fourth course written in the series of unusual prophecies looks at a number of controversial prophecies in the Bible. For example, Catholic prophetic beliefs are analyzed by their biblical precision, as well as reported sightings of appearances by Mother Mary. In addition, this course also analyzes specific prophecies and inferences regarding the Antichrist and the False Prophet that will emerge in recent days. In his introduction, Perry Stone calls this one of his personal works of the series, and admits that it is one of his most contentious works. How to start course five of this written series speculation surrounding whether Jerusalem is in the same place as the original Garden of Eden, and how this potential fact will be significant in recent days. Perry Stone explains the scripture background that reinforces this theory and links the history of Jerusalem with its prophetic potential future. How to Start This written course speaks specifically about how contemporary modern Israel shows signs of Jesus' second coming based on events that have transpired to fulfill biblical prophecies about God's people. For example, it was prophesied in the Bible that the reunification of Israel (culminating in 1948 when Israel was given its independence) would be a sign of Jesus' return. This and several other prophetic statements are considered and intertwined with what is expected to happen at the end of time on Earth. How to start This seventh course written in the series of unusual prophecies examines the importance of certain unusual cosmic and explained using modern technology. Perry Stone unites certain verses and passages from the Scriptures with seemingly normal cosmic events such as eclipses and blood moons. This course promises to be a unique prophetic concepts about the end times of the world, course written eight investigates topics such as the mark of the beast, the Antichrist, and the numerology that surrounds them. It is hard to understand some of what the Bible says about these disturbing prophecies, so this book allows the reader an idea of what can be expected in recent days. How to start the International School of the Word offers a wide variety of teacher courses with diverse backgrounds and skills. This course gives students the opportunity to explore some of our favorite lessons from bible division books. There are ten lessons in this pack of varieties from seven different courses. For students who want to know more about the school, the teaching style of our courses, or the bible division books specifically, this package is the perfect investment. Get Started Deuteronomy serves as Moses' farewell address to his fellow Israelites. It is specifically aimed at the new generation of Israelites who will inherit the Promised Land, which he and his contemporaries have been anticipating

for forty years in the wilderness. Similar to Leviticus, Deuteronomy contains instructions for the Israelites to follow before and during their entry into the Promised Land. This book differs from Nerític, as it is oriented towards the common rather than priests and clerics. Deuteronomy shows that God loves and instructs the
everyday individual as much as those who fully dedicate their and work on Him. The exodus from the beginning is the story of as God reveals himself by releasing Israel's enslaved children - a book of freedom, struggle, and God's sustained power. Starting from the Red Sea, fleeing the Egyptian army, and surviving in t
desert, Moses is able to lead the Israelites from the persecution of pharaohe on his journey to the Promised Land. Exodus illuminates God's fidelity and how he delivers on his promises. How to start The authorship of this book is commonly credited to biblical patriarch Moses. However, some scholars believe that its
contents were assigned on a stone by God himself, and then given to Moses. Genesis portrays the history of creation - how God miraculously crafted the whole world as we know it in just seven days, and how the nation of Israel was born after generations of monumental individuals such as Adam and Eve, Noah, Isaac
Jacob and Moses. The word Genesis comes from Greek and translates as origin, source or principle. Thus, this book narrates the beginning of the Bible, Creation, Sin and Humanity. Leviticus is believed to have been written by Moses in the books of Genesis and Exodus brought the nation of Israel to fruition. The Israelites had gone through many
cycles of trusting In God, and then breaking their trust and walking away their will. The Book of Islamic is God's instruction manual for the people of Israel, as well as for today's Christian, and was meant to guide them in how they should show obedience to him through sacrifice and tangible acts of worship. Exodus
established Israel as a holy nation, and Istic showed them how to retain this sacred mantle. How to get started on this course, Dr Bryan Cutshall examines Malachi's book at its deepest levels, with expert teaching on the book's history, context and intent. It can be said that Malachi is God's love letter to the levitical pries
and the people of Israel. Malachi is an enigmatic figure in the Old Testament, a prophet whose name means Messenger of YHWH, and the message of this book is equally unique. Through malachi's book, God asks Israel questions about its behavior and nature, and then responds to Questions. In this course, Dr.
Cutshall dissects the and the unique writing of this Old Testament prophet and presents the themes in ways that are relevant to today's church. Read malachi like you never did before. Get Started Numbers continues the journey of trusting God as he takes his children to the land of milk and honey. Moses and Aaron
take a census, entrust the Levites with the Tabernacle, and follow God as he guides his people through a cloud; However, the Israelites of their sovereignty, and forty years later the Israelites enter the Promised Land. Numbers is a book about the
people of Israel as they learn to trust and follow God and his orders. How to start this course is part of a series written by the late Dr. T.L. As you start in the church of the 21st century, the terms revivalist or evangelist can mean a number of things to different people. Many confuse evangelism with outreach, but they are not the
same. The evangelist has a specific role established in Scripture, a role that the Western church does not usually adhere to. The evangelist is a ministry office that has implications for the church's leadership structure and theological foundations, as well as revival and outreach. Join instructor Rick Lairsey as he aims to
establish a strategy that effectively changes the trajectory of the revivalist's comprehensive work as a gift to the church. As you start on this course, you will learn about the character and the call of a child shepherd. canonized, and why weren't they? Issues like these and many more will be explored in detail in this richly theological and historical course. Dr. Michael Knight is an expert Christian apologist, archaeological researcher and Student of the Word. Join ISOW and Dr. Knight on a journey through church history and nuanced
doctrine to study and show themselves approved. Starting This course is a study of topics such as evil, Satan, and demons, examining many world opinions and religious beliefs, but focusing on the ultimate authority of the Bible. Instructor Perry Stone tries to answer questions about where demons come from, their
origins, and what the Bible says about their existence and interaction with the world. In this course, you will go through studies of Hebrew and Greek words on evil and a theological exposé on the role of the devil in the Old and New Testament. In addition, Perry Stone gives encouraging and enlightening advice on the
believer's authority in spiritual matters and how believers should interact with the spiritual world. How to Start Dr Bryan Cutshall Study as you will find on this subject. In this course, Dr. Cutshall examines all mentions of angels in the Scriptures in an attempt to dissect their
nature and separate doctrinal truths from pop culture.
