Download the APK Black Desert Mobile file and start your adventure today. The best role-playing game on Android is ready to download to your device. ContentA we all know the most anticipated mobile version of Black Desert - Black Desert Mobile opened for download this year in Korea. And the more exciting thing is that the game is designed to expand the impact on the international market this year.2018 is a year of graphics and gameplay that is different from the rest of the world. This is also the year when many PC games are transformed into mobile platforms like Tera, Blade & Soul, and most recently Black Desert Online. Black Desert Online is one of the most beautiful MMORPG on pc. So when Korean publisher Pearl Gap revealed on a mobile platform with a trailer showing graphics on the same level, even more beautiful than a PC made by players can not stand. At the Gamescom 2017 event in August, some information from Black Desert Mobile (召喚喚喚喚喚喚) was released by developer Pearl Abyss. The game is likely to start in Korea in January 2018 and the current pre-registration has begun. Black Desert Mobile is not just a miniature version of the Black Desert. It's a whole new experience as well as a completely different gaming experience. PlotBlack Desert Mobile tells the story of the conflict between two conflicting nations, the Republic of Calcuphon and the Kingdom of Valencia. Previously, the four main areas, the Calpheon, Serendia, Balenos, and Medialh were quiet. Things changed when traders from Valencia brought black plague, millions of people died. People realize that Valencia has done everything. The Calpheon formed a coalition and began its 30-year war. GameplayBasically, while playing the game, players will be transformed into one of the five main classes: Valkyrie, Witch, Ranger, Warrior, Giant. These characters are very expressive, and help players easily guess the characteristics of each character. The game Black Desert Mobile has a certain difference, is the highlight that makes this game create its own magic. With a non-target mechanism similar to the PC version, combined with a number of special skills that require the player to focus on the target (like Blade and Soul), along with jumping, dodging, will bring a wild battlefield with a crazy pace that you hardly find in other mobile gaming products. In Black Desert Mobile, players can use a total of 8 cells of skill. Since the number of skills is greater than the available cells, the player must select their preferred skills and place them in the cells. Moving in the game is similar to the PC version, players can jog or ride a horse. In addition to graphics and high speed games, Black Desert Mobile also offers many other interesting features including pet training, gardening, gathering, fishing, and more. It is available nature, allowing you to create rare items to use them or trade with other players. CharactersBlack Desert Mobile has been introduced to have five classes of characters including: Titan, Huntress, Paladin, Knight and most recently is Hashashin. Each character class has its own advantages and uses separate weapons. This creates their own advantages in war. Some weapons are power-oriented, some are speed-oriented, and some can attack enemies at great distances. In general, the plot and gameplay are not very changed from the original version, but each character class has different equipment, weapons, combat skills and some special missions. In addition, Black Desert Mobile also allows you to customize your character with a high level of detail. You can change height, body composition, hairstyle for details such as eye style, skin color, eyebrow length and more. Build your campFriends fighting against enemies, you can relax and have some fun with your own camp. There you can improve skills, build buildings, help workers expand and improve the camp faster. Boss huntingBoss hunting is one of the most popular activities in Black Desert Mobile. Bosses often appear in specific locations around the world, and players can gather there at a time when boss friction in hopes of killing her. If you kill Boss, the player receives valuable rewards that have fallen to him. Kzarka is one of the most asipitous Bosses. He is known as the Lord of Corruption. It will constantly seize opportunities to destroy the world. Don't let Kzarka reach his goal because you're here to kill him. GraphicsBlack Desert Mobile has a great graphics platform thanks to optimization as possible, the game also uses engine technology was used successfully above expectations on the Black Desert PC version. Not only that, this MMORPG is also adding some content dedicated to the mobile platform, so players can look forward to a new experience completely different and unexpected. You will see the shape, the movement of each character is extremely flexible and beautifully beautiful, giving a strong impression on the viewer. It is soon likely that Black Desert Mobile will become the best mobile game ever on the mobile platform. Download Black Desert Mobile APK for AndroidBlack Desert Mobile (召喚喚喚喚喚喚) includes 7 main activities: Open Field PvE, Invasion of War, Guild Boss, Labyrinth of Antiquities, World Boss, Defeat Mission, and PVP. The game will soon be released in Korea on both iOS and Android platforms, followed by an international version. When the game is officially released, you can download games for both iOS and Android.
