Disney We are not the first to point out how remarkably consistent Disney has been as a film studio. While its output ebbs and flows, the film studio has basically made at least one family film a year for decades. What other company can claim to have done the same? It's true: Every kid came out in disney's ranks, and every one of our hearts has a special place for an old Disney movie that we first saw when we were about five years old - the first time we experienced real Disney magic. Often the Disney movie you first saw was the one you watched and looked again at the nausea of the ad. Sometimes it was streamed with an endless loop, sometimes it was watched on a worn DVD, and other times it was kept on a VHS tape recorded in one of those swollen clam boxes, but you always ran straight into it on a rainy weekend or sick day from school to home. What was a Disney movie that you were obsessed with when you were that age? We watched the last four decades of Disney movies to find the best competitors. Did your favorite make the list? 1/41 The Black Hole (1979) WATCH NOWDisney no longer makes too many live-action sci-fi movies, but old-school fans have this trip in outer space in their brains. 2/41 Herbie Goes Bananas (1980) WATCH NOWSure, Lightning McQueen is cool and everything, but OG Disney followers know Herbie was the best of mischievous Disney cars. 3/41 The Fox and the (1981) WATCH NOWKindergarten is right at an age when children are excited about BFF. For them, nothing is more perfect than this movie about a couple of couples, who invented an unlikely friendship. 4/41 Tron (1982) SEE NOWKids, who were novice video game geeks, were amazed to be taken inside a mainframe where they were awaited by a world of bright colors and geometric shapes. TBH, while video games now look like movies, Tron's world still looks cool. 5/41 Something Wicked This Way Comes (1983) 6/41 Tiger Town (1984) SEE NOWTechnically this was a made TV movie, but if you were a sports fan in the early 80s, you'd get the full story of a young Detroit Tigers fan who believed the team would only win if he was at the stadium watching the game in person. For them, it was fact, not superstition. 7/41 Return to Oz (1985) WATCH NOWDorothy embarks on a journey back to Oz for a darker and more intense adventure than his first trip — if you were the right age at the time, this might have been your first scary movie. 8/41 The Great Mouse Detective (1986) WATCH NYTT's film is an exciting mystery, then solved by anyone other than Basil of Baker Street — who happens to be a mouse. 9/41 Benji the Hunted (1987) WATCH NOWKindergarteners were amazed that a real dog — not an animated dog — could survive in the wilderness like Benji. 10/41 Oliver and Company (1988) SEE NOWKids too young a real oliver twist story loves this cute version starring animals - including groovy Dodger portraying Billy Joel. 11/41 The Little Mermaid (1989) WATCH NOWT This is the first Disney animated film featuring songs by the legendary Howard Ashman and Alan Menken that redefine the Disney song as we know it. Who can't know all the words under the Sea? 13/41 Beauty and the Beast (1991) WATCH NOWLittle kids weren't the only ones who had a crush on Beauty and the Beast when it came out - it received an Oscar nomination for best picture. 14/41 Aladdin (1992) SEE NOWIf you were a kid in the '90s, Robin Williams' performance as the spirits of this film was the absolute height of comedy. 18/41 Notre Dame hunchback (1996) SEE NOWQuasimodo has never been so relatable — and Frollo has never been so scary — as in Disney's minded Victor Hugo. 19/41 Hercules (1997) SEE NOW In addition to heroics, Hercules felt different among Disney animated films thanks to his Al Hirschfeld-inspired design. 20/41 Mulan (1998) WATCH NOWMulan disguises himself as a man so he can be a great warrior offering an antidote to anyone suffering from princess fatigue. 21/41 Tarzan (1999) SEE NYTO's reason for movies returning to Tarzan's story over and over again — that's timeless excitement. 22/41 The Emperor's New Groove (2000) SEE NYTDisney began this prince and beggar riff as a great epic like the Lion King. Eventually, they scrapped what they had, and, its comedy, much to the delight of the children who come to school. School. Year. 23/41 Atlantis: The Lost Empire (2001) WATCH NYTDisney fans who favored the sci-fi of Tron and the Black Hole were swept away by this animated action/adventure. 24/41 Lilo and Stitch (2002) SEE NOW The rest of the story of what makes a family. Lilo and Stitch is about a girl who adopted and misbehaved as a stranger pet. Parents may be moved by how his love makes him less wild, but children love the malundering Stitch better. (And with good reason - he's funny.) 25/41 Holes (2003) SEE NOW Based on Louis Sabar's beloved novel, Holes tells the story of a family curse erupting through twists and turns and revelations of a mystery series that makes it a roller coaster to watch. Bonus for 100s kids: It starred Shia LeBoeuf, who everyone knew as Louis Even Stevens at the time. 26/41 Princess Diaries 2: Royal Engagement (2004) SEE NOW After the ongoing story of Mia Thermopolis, children could live the life of a normal girl plucked from ambiguity, transformed into royalty and become ruler of her kingdom. Mia is one of the most influential princesses on the list. 27/41 Pooh's Heffalump Movie (2005) SEE NOWAll kids love to spend time bear with very little brain. In this film, a heffalump named Lumpy wanders into the corner of pooh's hundred-acre tree, and Pooh and his friends have to figure out what to do about it. 28/41 Cars (2006) LOOK NYTRaise your hand if you had a kindergarten with 1000 Lightning McQueen toys — ka-chow! 29/41 Enchanted (2007) WATCH NOWEnchanted tells of what would happen if a Disney princess was transported to real New York, and a waterfisch comedy that really leads home to any princess fan. 30/41 Wall-E (2008) WATCH NOWWall-E is a robot whose mission is to clean up the earth and accidentally spreads the environmental message to all humans. In addition to being connected to the film's mission, the kids find Wall-E so damn cute for a piece of metal that spends the beginning of the movie solo in an almost speechless order that young children can easily understand. Understand.
