How well the company responds to the Service Requests and Reviews.Reviews rating (in the last 12 months)The best 2020winner Tree Service review in Toronto 20 days ago our house had two giant bush-like trees in front, one with a yew tree and the other a juniper. It was really weird and unbalanced, so we took Mike about removing the yew tree and replacing it with a tree that grows bigger, provide shade, and be an appropriate area. Mike was super knowledgeable (we didn't really know what kind of plants we had before he visited) and helped us identify what would be a good native tree to match our house, street and needs. He had clear deadlines and process, as well as how to make sure the tree creates. Now we have a beautiful Freeman maple in front of our house and we couldn't be happier. 1 out of 2 people found this review helpful? Yes No Company ResponseThank you for this! Maple adds such a nice drop of drop color and is the perfect tree for your space! Two days ago, the team removed a large tree from a steep slope in our backyard. Appeared on time, finished working safely and about the plan and tidy up brilliantly when they were finished. 8.0 Very Good 11 reviews Was this review helpful? Yes No Company ResponseThank Kevin. It was a fun job and an interesting puzzle to solve! So glad we could help you with this removal – take care of it! A Tree Service review in Toronto about 2 months ago mike and his partners recently removed the long Spruce from our backyard in very dense quarters, just a few feet from the house and overhanging in a neighbor's yard - a hot tub, paving and Bell wires right underneath. They did stellar work and showed their professionalism in every aspect of the work. Mike's quote and the arborist report led directly to us to get the necessary clearance as soon as possible. They arrived when they said they were going, made sure not to damage the garden and clean later. They were polite to their neighbors, went to work without yelling at the roofers and dealt with the situation in the usual city parking lot. And all at a very reasonable price. I recommend them 100%. 1 in 1 people found this review useful. 1 out of 2 people found this review helpful? Yes No Company ResponseThank you out! You were a great host and we appreciate your business. 2 months ago Mike and his team did an amazing job with our 3 mature trees. The trees now look healthy and ready in winter. Mike is very aware and he told us exactly what we need; He try to up-sell at all. We'll definitely use them again. 8.0 Very Good 11 reviews Was this review helpful? Evergreen Tree Care did a good job of taking care of it. They were friendly, respect our neighbors, and had no trouble working in the relatively narrow confines of our backyard. They are now my first call for tree-related problems. 1 out of 2 people found this review helpful? Yes No Company ResponseThanks David. Thanks was this review was helpful? Yes No Company ResponseThank You Darren, it was a pleasure to work with you! Four months ago Mike is a true professional and honest man with a big kind heart. My remote-controlled plane got stuck in a big tree, and Mike amazed his arborist skills to get it down quickly. My son was so happy to get his plane back. Mike's the real deal. 1 out of 2 people found this review helpful? Yes No Company ResponseHappy help! Mike really is the real deal. 4 months ago I highly recommend this company-they did a very good job at a very good price. They left the site completely clean, except for the fact that my dead tree is gone, you don't know they were here. Very friendly and professional. 1 out of 2 people found this review helpful? We will never try to approach and, unfortunately, because of the circumstances, we have caused distress, for which we apologise. Kathy Kemink, I can't tell you how pleased we are with the good work your team did yesterday. They were here at the right time, gave us a quick idea of what they were doing, worked mostly shaw, and left our property cleaner when they found it. Bill and I had more contact than the rest of the team, but they were all friendly and probably knew what they were doing. We will definitely recommend Ever-Green to anyone who asks us for such a job. Our property seems to have improved overall with trees letting in more light and there are few if any of the dead branches show, and everything went without any problems. These guys even seemed to enjoy what they were doing!- DARREL FANTASTIC pruning and clean-up! Glenn, Dave and I are writing this letter to find out how impressed we are at your service. Your quick response to our call, your follow-up, and especially your knowledge, will make you a valuable asset to Ever-Green Tree Care... The team arrived on time on both occasions, their attention to detail is noticeable and appreciated. All the men were friendly, respectful, and everyone worked hard to rhyme and pick up loose branches... Thank you guys! We're looking forward to an annual tree-trick visit from you, Glenn and your team. They were fast, polite and did exactly what I asked about how big it is to cut wood and where to put it. I'd use them again.- TAMARA Trees Look great! There were several trees pruned and a large hedge trimmed in October. The arborist who came out was conscious and the crew threw some small bush-pruning freebies. Do you recommend to neighbors and friends.- katie I want to commend you and the team at Ever-Green Tree Care for your professionalism, courtesy and attention to detail. Bob and I watched as the crew cut down a very large tree in our front yard and the wind sailed several more trees. The team not only did their job safely and professionally, but also seemed to enjoy their work and collaborate as a team. They informed us when they were doing the work, ensuring that they were working to our satisfaction. The team also left the yard clean and minimal damage to the yard. We have no hesitation in recommending your company to the Canterwood Homeowners Association and our friends. It's been a pleasure to do business with you, and we'll definitely for you for further work.-riggs work.-riggs
