Savvas Learning is a trademark of Savvas Learning Company LLC. Miessler & Tarr ©2011 Inorganic Chemistry Paper (Chemistry) With updates to rapidly changing content domains, enhanced visual presentation and the addition of new co-author Paul Fisher, the new edition of this highly readable text is more educational and valuable than ever. Inorganic chemistry, 5/e delivers the basics of inorganic chemistry at just the right level to separate today - neither too high (for novice readers) nor too low (for advanced readers). Strong coverage of atomic theory and a focus on physical chemistry provide a firm understanding of the theoretical foundations of inorganic chemistry, while the reorganized presentation of orbital theory and molecular group highlights the key principles more clearly.
