Students here make above average annual academic improvement, and students perform above average on state tests. Students at this school are making more academic progress given where they were last year, compared to similar students in the state. Strong progress with high test scores means that students have strong academic skills and the school is doing a better job of supporting academic growth than most other schools. Parents tip Test scores at this school are above the state average. Because test scores in some states are so low, can some students at this school still not perform at grade level Parenttips Notice something that is missing or confusing?
