For the shadow, see the power of Arcana. Arkana Force (剛毅, Goki)? Or J. Chikara? Arcana is a frequent in the Persona series. Arkana's [editing] overview is the way in which all... Only by force can one endure suffering and suffering. Portrayed as a young woman carrying a terrifying monster (often a lion), the force of Argana symbolizes images behind the beast and beauty, and is associated with morality about the stronger power of self-control, gentleness, courage and virtue over brute force. In tarot readings, it can also represent the creative or physical energy that needs to be or is about to be unleashed, sometimes from the desire to be recognized. It is also called a stability card on some floors, giving more meaning revolves around courage. Playwise, the Personas of Argana Force are usually Personas excel in physical qualities. The models embodied by the power of Argana Personas are warrior characters and heroes, or characters that embody the power of the body or character. One commonality between argana power figures is their power from the heart. Power characters are not easily disturbed and usually depict the stability that the power card represents in readings. Appearances [Editing Source] List of Characters [Editing] Argana Force in Persona 1 and Character 2 Contains Personas All of Dragon Species, mostly from Snake Racing. The other arcana shares this characteristic of the global argana. Megami Iburroku Persona [Editing] 1. Culebre 29 Taksaka 43 Vritra 56 Eternal Punishment [edit] Edit] Persona 3[edit] Edit] Represents the strength of Argana social link Yoko Nishiwaki, director of the team of the sports club of the protagonist. The social connection can begin after the protagonist attends the chosen gym (between Kindu and the track and swimming team) twice, where Yoko invites the protagonist to a café after their exercise. Arcana's power power even every time the protagonist interacts with Yoko, helping her understand her dreams and career in the future. Upon completion of the social bond, Yoko will give the protagonist a message of thanks to the children who have trained, and give the final form of the Argana Force, Siegfried, the bearer of victory. The Arana Force is also the arcana figure of Coromaro, a member of SEES. FES [Editing] Source Edit] Remains A Relatively Arcana Force As Persona 3, however, an exclusive character, Rakhasa was added in the Argana Force Repertoire. Portable [editing] editing source] If the female protagonist is chosen, the social link will be represented by Coromaro. Persona 4 [Editing] Editing Source] Started the Argana Social Force Link after the protagonist chooses to join one of the school's sports clubs. A player can choose between a basketball team led by Ko Itcheko, or a football team led by Daisuke Nagassi. If the protagonist chooses to join the basketball team, it helps Ko understand his worries and woes of being an adopted son to his family. On the other hand, if the protagonist chooses to join the football team, the protagonist helps Daisuke understand his mixed feelings and dissatisfaction with the girls. In both cases, the protagonist interacts with both Ko and Daisuke during the events of Argana Force. Completing Arcana's social bonding power gives the protagonist with the final form of Argana's power, Zaou-Gongen, the one who demands surrender. Character X: The Shadow of the Maze [Editing Source] Character 5 [Editing] Editing Source] Argana's Power is represented by confidants with Caroline and Justin, who arranges as the protagonist completes their request to merge a specific character with a specific skill. This confidant opens fusion for more than 2 Personas, securing and the ability to integrate Personas with a higher level of protagonist as they are in their ranks. As confidants simply requires access to the velvet room, he is the only confidant who can be ranked up on December 24 by a foolish confidant of arcana confidant who automatically advances along with the story. However, it can no longer be classified after the protagonist is forced within the world of Olphoth, where confidants can not be classified with Lavizna but only with the twins that appeared from them. The completion of the close argana force will also give the final form of Arkana, Zhao Gongen, Royal [editing] at Persona 5 Royal, Arkana's strength was dramatically changed with the removal of Kochi Mitama to Consultant Arkana, who was replaced by Chiisa from the Arcana wagon, adding Kimera and replacing Siegfried with Hanuman from Star Arkana.
