Additional information requires Android 3.0 and up developer/Editor selection, Rockstar games, Grand Theft Auto: San Andreas is a role-playing game that has a very rich and fun game task system. Players of games can play basketball, shopping, make friends, and you can act on the doctor, firefighter, etc. You can also use different weapons to fight. Finally, in the game, you need to eat food to get energy to sustain your life. Now start exploring the city. Grand Theft Auto: San Andreas (MOD Unlimited Money) - Speaking of action games in the open world, we can't ignore the Grand Theft Auto (GTA) series. Released by Rockstar Games, it's hard to deny that this is the most successful game series they've ever released and is one of the most popular game series of all time. Part 8 of this action-packed series called Grand Theft Auto: San Andreas was first released in 2004 with a PlayStation 2 version. The game quickly takes the position of ps2's best-selling game. A year later, they released a version for Xbox and PC. Versions of Macs, mobiles and tablets were also released a few years later. Content [Show/Hide] Name Available aft Auto: San Andreas Package com.rockstargames.gtasa Postastar games Category, RPG Version 2.00 Size 2G MOD features N award-winners 7.0 Depending 7.0 Depending on crime, GTA: San Andreas is located in San Andreas, including three cities Los Santos, San Fiero and Las Venturas (based on American cities). Interestingly, the plot of this game is based on real events that have happened in the past, such as the war between blood and gangs Crips, the riots in 1992 or the evil drugs in America. In 1987, Carl CJ Johnson, left the city of Los Santos, denied life of crime after seeing his brothers killed. He moved to Liberty and started a new life. Five years later, he heard the news that his mother had been killed, his family had been broken and his friends were in danger. Returning home to attend the funeral, CJ was threatened by two police officers to defame him if he did not help them complete illegal missions. The situation forced him to become head of the San Andreas, forming gangs, controlling the entire street and at the same time finding the culprit who killed his mother. Gameplay Grand Theft Auto: San Andreas inherited gameplay from its predecessors, including GTA: Vice City and Grand Theft Auto III. Essentially, the game of this game includes elements of role-playing games, third-party action, racing, shooting, ... At the same time, the open world game has a lot of things to explore for months. In theory, you need to complete the missions of the game to open new stories. For places where the game requires, meeting other characters, opening Robbing cars, killing people, ... mafia usually does. But if you don't, that's fine. You can do whatever you want. I often spend most of my time walking around the city, stealing expensive cars and going to the sights. There's a lot of fun when you can attack ordinary people or annoy the police. There's going to be a shootout in the street. But be careful. If you cause casualties or a security breach on the street, the police will show up. At higher levels, the FBI and special forces will intervene. In addition, you can enter some houses to steal property. This is one of the effective ways to make money in this game. Customizing cars The most vehicles in Grand Theft Auto: San Andreas can be upgraded and customized in appearance and

accessories. For example, colors, rims, motors, shock absorbers, ... You can customize your car to your ize and use it to perform business missions. Graphics and musicHow mobile sand game, the graphics of the game is done quite well. High-resolution 3D graphics, clear images. Three cities in the game are vividly simulated with shopping centers, banks and many people. You can see the game is no different from the real world. In this part, the music has improved significantly compared to its predecessor. Instead of repeating music, the songs at Grand Teft Auto: San Andreas are played randomly through radio systems, restaurants or through the radio system. Classic 70s songs are one of the things I like about this game. Conclusion in short, Grand Theft Auto: San Andreas is the standard mobile action game, there must be a game if you are a GTA fan. Sharp graphics, engaging game and storyline, open city, ... many reasons why you can download this game to your phone. Wish you to have fun moments with this game! GTA: SA (also widely known as Grand Theft Auto: San Andreas) is a popular and hugely successful activity, a third-party shooter, driving and RPG game from Rockstar games and Rockstar North. This is the 7th title of games in the Grand Theft Auto series. You can freely walk around the area, explore shops, restaurants, steal cars and bicycles from the streets, cause destruction of the property and attack pedestrians. This life-like game consists mainly of three cities, i.e. Las Venturas, Los Santos and San Fiero. And within these cities, your character is capable of walking, jumping, swimming, running, and have the opportunity to use a wide variety of destructive weapons, driving different types of vehicles, flying helicopters, riding motorcycles, boats, trains, and even these destructive tanks. In addition to stealing vehicles from citizens, you can even import exclusive vehicles and then customize (adding nitrogen) to make them more powerful. In an attempt to give a realistic in-game world, all places include huge areas of forests, deserts, beautiful landscapes, hilly areas, lakes and mountains. There are also some restricted areas. You are free to play and navigate your character around to explore the world during play. GTA San Andreas is the first game to bring some of the most remarkable opportunities to customize the character's appearance during a game. To make it possible, there are clothing stores with accessories, tattoo shops, hairdressers, restaurants, and even fitness. Obviously, if you are a strength character to eat a lot of food then he will become fat then you will have to take him to the gym for workouts and training to keep him muscular and stay healthy. In addition to the usual plot missions, which are mandatory to unlock certain content and areas, you have the right to participate in small and interesting side missions to earn extra money in the game such as: Paramedics, where you select injured people from nearby areas and take them to the hospital. Burglary, where you need to enter the citizens' home during the hours of darkness and steal expensive items such as TELEVISION without being caught by the police. Taxicab, where you work as a taxi driver to choose and drop passengers. You can then spend money earned to varying degrees, including shopping, food, modifications of cars, cars, gambling and several other aspects. In case you are low money or want to get vehicles without importing them, then you can use hacks and cheats like CLEO mod scripts with GTA San Andreas APK. The cheating menu is what makes it an ideal hack for GTA SA. 📄 GTA San Andreas Storyline The plot features protagonist Carl Johnson (CJ), who returned home to Los Santos in the early 1990s. At that moment, his mother was killed, and he discovered that his whole family had broken up and his old childhood friends were destroying their lives by turning to illegal activities, while the whole city was captured by violent gang members and people involved in corruption and drugs. To find the truth behind his mother's murder and save his family members, he went all the way to build his old street gang (Groove Street Family), clashes with corrupt cops, and regained control of the streets of Los Santos and surrounding areas, taking part in a gang war where he took over enemy territories. It also reduces the amount of drugs that are used in the area. Doing all this helped CJ in gaining a lot of respect among his colleagues and neighborhood residents. The GTA San Andreas APK Android version, most of the gameplay structure and missions are almost identical to the original version of the PC, but developers have added several improvements to polish the game for mobile devices. They also add much higher distance flat, detailed and dynamic shadows, an enriched color palette, improving car models, and characters in an effort to make the game more optimized for Android phones and tablets.
