Heart container pieces twilight princess

< Legend of Zelda: Twilight Princess Go to Navigation Go to Search Select Controller:Wii, GameCube This is the location of 45 heart parts scattered throughout the game, with strategies for getting them. The location of the parts is listed in the approximate order where you face these places in the game for the first time. However, you won't be able to get every piece in the area for the first time as you may lose the item you get in a later dungeon. Ordon Village[edit] After you return Upon to Ordon Village, go to the ranch, ride The Epon, and talk to Fado. He'll give you a piece after shed all the goats. Note: Make sure you have plenty of time between kovz cows before travelling to Hirule Castle, remembering how long you've been bringing cows to the farm. Ideally five minutes should be the current time and beating this time recommended. Faroon Woods is burning because of the poisonous fog of the Marsha Woods swamp (there is no fog at the start of the game), waving a lantern, entering a cave in the northwest (key to the gates of the northern forest). Light two torches in a dead end for the piece to appear. Go north from the Koro shack, blow up a giant boulder, then head north to the statue. Use Rod Dominion to guide the statue into a shallow hole, then turn into a wolf and use Copper's help to jump on the statue, and follow the path to the chest. Forest temple[edit] Drop a bomb into a large plant in the killer-filled chamber of the northeast entrance to the temple. The giant bud will explode, giving you access to ground-level alcove with breasts. Use Gale Boomerang to extinguish torches in a far-pitched chamber. Wooden platforms will fall, allowing you a clear path to the piece. Hyrule Field[edit] Head south of the bridge in the middle of Hyrule Field. Equip Gail Boomerang to get a piece high in one of the trees. Look for a tall rock formation that towers over the eastern end of the Kakariko Gorge. You'll find a piece floating over it. Use Boomerang to get it. Travel north from the village of Kakarico and use a bomb to destroy a large block on the west side of the path. Follow the trail you just showed and use the bomb arrow to destroy the stone. Climb the vine and go north to claim your prize. Once you have double claws, go to the southeastern section of the Kakarico Gorge and hit the point of capture in the middle of a large rock formation. Go from there to the point on the southern rock, then to the linen on the small formation. Climb the vine to get to the heart. In an area north of Hyrulé Castle, drive down a northern rocky path until you reach clearing with a western cave overlooking the east blocked by a boulder. Destroy the boulder then break the ice with the ball and the chain. In addition to three puzzles, you will find a piece of heart. In the northern province of Eldin, on the side of the bridge extending to the hidden spruce, use a superinator on the track of the northern wall. Once you reach the bottom ledge, dig into the cave. Destroy the three Stalpos inside to make the treasure chest appear. A boon explosion at both ends of the path in the Far Eastern-western part of Lanair province (east of Castle City). Use a suminator to follow the track on the wall to get to the ledge with a piece of heart. Plant explosives near a giant boal southwest of the Kakariko Gorge Bridge to gain entry to the sprawling cave. Light two torches in the northwestern part of the cave so that the chest appears. Eldin Bridge[edit] Grepple to the ledge on the wall of the western cliff north of the bridge. Go south and then west into the cave. The third time you jump off the ledge and use iron boots in the middle to stick to the wall, look for your chest. Once you're edging down the middle of the bridge from the Herodo Desert, use dominion rod to guide the statue from the north end to the southern end. Drag it to the alcove to the east and then use it as a platform to jump over the gap. Climb a ladder to find the piece. Kakariko village[edit] After the dungeon, Goron Mine will get a boost from Goron at the northern end of Kakariko village and then climb the tower. Talo will challenge you arrow shooting exercises. If you successfully complete, it will give you a piece. Use a bomb to destroy a huge boulder west of the Spirit of Spring at the southern end of the village. Go to the pool of water inside the cave there, use iron boots to plunge to the bottom and then go to your chest. The rock above the boon, shattered to get a previous heart, has a grouping of rocks on it. Use the bomb arrow to destroy the rocks (equip the bow and pick bombs) and then use Boomerang to get the heart out. After you've donated 1,000 rupees to little store to restore the westbound bridge to Castle City, talk to an older one outside the store. Accept his challenge to bring spring water to Goeron. Zigzag his way through enemies and douse Gorona to get a piece of heart. Death Mountain[edit] Use Goron on the mountain trail of death between the village of Kakariko and the Gorona camp for reinforcement (For 2 metal things you can climb up). Grab on the ledge east, climb, go north and then drop into a cave east to find the chest. Goron Mines[edit] Shortly after you talk to Mount Amoto, the first elder in the mines, you'll use iron boots to walk on the ceiling of a large chamber (2th chamber after meeting Mount Amato). Go to the northwest corner to find a treasure chest. After you advance to the room on the second floor, where the memes are two and the tractor, will rise up the magnetic path on the eastern wall. Follow the southern branch of the track to reach your chest on the ledge. Lake Khilia[edit] Head to the room at the back of the Lanair Spiritual Spring, trapped in an ivy with a claw. Light Light Light two torches in the room to have a chest. South of Lake Khilia there is a cave blocked by a rock. Destroy the barrier and venture into the darkness with a full lantern. Work your way up to the last camera and light up two torches to make your breasts appear. Accept Plum's challenge to a fruit-balloon contest on the western side of Lake Hylia. Get a 10,000 points score to get a piece of heart (go after a long line of strawberries, or focus entirely on oranges to sooth more than 20,000 points). Get on Falbi's Flight-by-Fowl call. Take Cucco and go straight for floating platforms in the southwest. The upper stationary platform (directly under the rotating) contains a piece of the heart. Fishing hole[edit] Rent a canoe from ladies in a shad and paddle to the middle of the pond. Using a fishing rod, hook a piece of heart while sitting on a large rock formation. It is on the right half of the arch. Claws can be used instead while swimming to get a piece of heart. This will be stated as soon as Link returns to dry land. Temple on the lake[edit] After you get the claws, return to the central circular room. From the second floor, use the claws to grab your way to the chandelier in the middle of the room. You will find a heart in your chest. Make sure the water flows west east in the main chamber and then drive off to the westernmost room on the ground floor. Cross the bridge south, then stand on the switch and grasp the wall where the chest is located. Castle Town[edit] A man dressed in a green robe on castle town's east road accepts donations of 30 and 50 rupees. Once you give it 1,000 rupees, it will give you a piece of heart. The Gerodo Desert is a boar on a spit in the northwestern corner of an enemy camp. Use spin attacks to destroy the amber and then attack the boar itself to find a piece of heart. Arbiter's Grounds[edit] Journey to the northwest corner of Arbiter's Grounds central camera. Use the claws to fly over a section of sinking sand and open your chest there. In the northeastern part of the basementa lamacular camera, use the counter to catch on the wall track. You will drive to the middle of the treasure chest. Snowpeak[edit] After you have received the second Mirror Shad, return to the top of snowpeak. Challenge Yeto to snowboard racing. If you win, race his wife Yeta. When you defeat her, you get a piece of heart. Pushing makes you go faster, while jumping tends to slow you down a little bit, so don't jump if you don't have to. Make sure you are familiar with the shortcut Yeta takes. Snowflake ruins[edit] On the second floor of the lobby, a northern chandelier with a ball and a chain hit to begin swinging it. Jump on it and then click and jump two chandeliers south to get to at the southern ledge. Use a bomb or ball and chain to blow up cracked cracks floor in the south-eastwest corner of the second level. There are breasts inside. Sacred Grove[edit] Travel east from temple sites to one of the places where you encountered the Kid skull. Blow up the boulder in the middle of the area and then dig into that spot to reach the cave. By clearing the cave of enemies, you will find a piece of the heart. Temple of Time[edit] On your way back to the temple's main door, with Dominion Rod in hand and a statue in tow, you'll move through a fifth-floor room that has sliding walls, an electric barrier and a chest. Guide the statue switch to access breasts At the southern end of the south fifth-floor room, use dominion rod to guide two small statues along the eastern and western paths. Once they both press the switches, the chest will appear. When there is power in Dominion Rhode, go to the main room of the temple and use a rod to move the statue embedded in the wall of the southwest corner. You will open an excerpt leading to the treasure. [ed. + ed. code] Travel south through a cave in the northeastern corner of Eldin province to find a hidden village. You will discover cucco leader on the west side. Crash through the windows to reach her. Accept her challenge to find and talk to 20 cats. A piece of heart is awarded to you upon completion. City in the sky[edit] After you defeat a large plant on the ground floor of the eastern upper wing, admire the second floor and head counterclockwise through the room. Grab on the ledge to the right and shimmy through the gap to find a piece of heart. On the third floor of the east wing there is a piece in a chamber filled with peas. Take the northwest exit of the chamber and then grab a pea hat to a pea hat to reach the south balcony. Walk in the door and get a heart. Dusk Palace[edit] After you have the Light Saber, return to the east wing of the palace. Use a sword (or Sol) to cut through the fog on the east wall of the southeast room and then grab a treasure chest. Go to the west wing of the palace as soon as you have the Light Saber. Cut through the fog in the first room so that the platform appears in the southwestern corner of the pit. The platform will carry you within reach of a treasure chest in the western wall of a raised alcove. alcove.
