Cunning single lady soundtrack

I remember not expecting much for this drama, because at the time I was still watching My Good Doctor and All About Romance, two absolutely great stories that had these two leads to segregated parts, but at their best. I tend not to expect much from divorce-focused dramas, just because the subject doesn't have much to offer than not a portrait yet, but when we talk about the OST that's a whole new world! Lucky because if we didn't like the drama above all we still have all the nice feelings of it going through a well-picked OST. I could say that this is not one to remember from start to finish, but it has its shiny pieces that will bring back the story in a flash. And what is if not that what makes an OST special and worth recalling. © sly single lady original soundtrack list is just love from HELLO VENUS. 1 Truly Love You by Yoo Sung Eun & Gilgubongu. I don't know about O Yu Joon. Beautiful girl from 1sagain & JUST. For the first time since the big baby driver. Alone again from the big baby driver. Sneaky thoughts from Sunny Hill. Mirror Mirror of Min Do Hee & J.Min. What to do? by yoo Seung Woo. You can also read God's Gift – 14 Days Korean Drama Original SoundtrackA good thing about this OST is that it had many beautiful songs, despite the length of the drama (remember a 16 episode drama considered short), but there are many stories that have 20 or 35 chapters and still have way fewer songs on their list. For me, I Truly Love You by Yoo Sung Eun and Gilgubongu, Don't Know by Oh Yoo Joon, Alone Again by Big Baby Driver & Cunning Thoughts by Sunny Hill were the most beautiful and representatives of history. That when we remember it, he had his super cute moments. I hope you enjoy returning to those moments with these songs.
