x Hope Island Inn By The Sea is a bed and breakfast at 16842 Chilberg Ave in La Conner. Update description Review Hope Island Inn By The Sea Updates from Hope Island Inn By The Sea 1 Hope Island Inn By The Sea Social Media Popularity Result: This value is based on visitor numbers, checkins, and likes on Facebook in recent months. Hope Island Inn By The Sea has a total of 65 visitors (checkins) and 14 likes. Hope Island Inn has been operating as a restaurant and venue for special events since the 1940s. Located on the rocky Snee-Oosh Point exit at Skagit Bay, this unique site overlooks the Whidbey, Hope and Kiket Islands. The location of the existing structure, combined with spectacular views makes this a unique commercial opportunity that cannot be replicated under today's coastal and land use codes. The core assets are owned by Snee-Oosh Land Company, a social corporation run by the board of directors, all of which are residents of the neighborhood. The previous lease expired and subsequent ownership of the structure was recently converted by court order into the Snee-Oosh Land Company. Land Company is looking for investors/operators with vision, capabilities and resources to restore the facility in a service condition. Ideally, the inn would be reinstated for such purposes as the destination restaurant, B&B, Inn, a place of special events for weddings and family gatherings, corporate withdrawal or perhaps even the use of the location to which the building was assigned as a private residence. Land Company will consider all credible offers; however, preference will be given to those interested in entering into the long-term lease of the building and property. The building itself is in disrepair; however the site cannot be replicated. The main floor of the property is 3,700 square meters with partially completed second-floor residential units of 1,415 square meters. There is also an additional 456-square-metre living basement space previously used as an office. On the site there is parking for 50 people, and there is a parking lot with overflow. The property is the Urban Reserve Commercial/Industrial (URC-I) zone under the Skagit County Land Use Code. Everyone we worked with there was very nice and helpful. Although a condition for renting a place to use their catering, we enjoyed the food and thought what we were being charged was fair. Installation of chairs, tablecloths, etc. is included. We had a little trouble getting our hands on people in the months leading up to the wedding, so please put an end to these people being relaxed and unhurried. However, they had tons of weddings, they are extremely competent and professional, and in the end we got basically everything we wanted! Posted on 07/06/2008 Monica - Married 08/04/2007 Service quality: Responsiveness: Value: Flexibility: Professionalism: This place is absolutely beautiful. The staff is really nice, but the manager has been a bit difficult to work with from time to time. Besides, it was unforgettable! Sent on July 25, 2008, July 25, 2008.
