White learned about the phenomenon in September 2015, taking to Twitter for a significant amount of discussion related to AIDub. He explained that one thing that has been reinforced for me is to never underestimate the influence of music and what it can do. Years ago I worked hard, doing what the best thing it could be, and it just goes to show what it is in God's time. It's been a hit in the United States, but nothing compared to here now.
