From Bulbapedia, the community-driven Pokémon encyclopedia. This article is incomplete. Please feel free to edit this article to add the missing information and complete it. Reason: Missing platinum image with and without oak menu. Route 224 after activating the Oak Charter event on Diamond and Pearl Route 224 (Japanese: 224ぼどうろ Route 224) is a route in east Sinnoh. It is connected to Victory Road at its western end. Although it is usually a dead end, the eastern end of the route can be extended to Seabreak Path via Oak's Letter. Route Description Route 224 is a narrow peninsula on the same island as Victory Road, which extends eastwards. It is described as a thumbnail of the Sinnoh region. In the end there is a white rock that Professor Oak says, if the player has the Oak Card, he has a counterpart in the Kanto region. This unlocks the special event in which players can catch Shaymin. Pokémon Items Trainers Pokémon Diamond and Pearl Pokémon Platinum On the manga Route 224 in Pokémon Adventures In Pokémon Adventures Manga Route 224 briefly appeared in The Final Dimensional Duel IV, where Marley was shown having come off the road, following the instructions of The Oak Card, to find Shaymin and ask for his help for the final battle against Galactic Team. Trivia Zubat is a Double Pokémon Poison/Flight type. Zubat evolves to Golbat at level 22.
