Using the word in the English conversation is basically the same as describing something as a Japanese animated series or animated film or show from Japan. The word itself is simply the Japanese word for animation or animation and is used in Japan by people to describe all animations regardless of country of origin. For example, a Japanese person thinks of moon sailor and frozen Disney both being anime, not two different things of separate genres. Pokémon's correct Japanese pronunciation of anime is a ni-lee with a sounding like a in art (though a little shorter), ni sounding like ni-in, I'm told like me met in. The way anime is said by natural English speakers, however, differs slightly with a sounding like a in ants, and ni Like Ni's (same Japanese), and with me being told like the month, May. While most Western anime fans are incorrect pronunciation, most choose to stick with it because it's easier to say, due to the fact that it is the most commonly used pronunciation (outside Of Japan). It's similar to how everyone knows the right way to say Paris (with silent s) but chooses to stick to traditional English pronunciation (s strong). Anime refers exclusively to animation. There's no such thing as a comic anime book. Japanese comic books that inspire many anime series and movies exist, however, these are referred to by non-Japanese fans by the Japanese word, Manga (which means comic book). Similar to the word anime, manga is used in Japan to describe all comic books, not just comic books from Japan. Interestingly, in Japan the word English word caricature is also used to describe Japanese and foreign comic books. Not all anime is suitable for children but some of it. There are anime series and films made for all age demographics, with series such as Doraemon, Glamour Power, Pokémon targeting the under-seven age group, and others such as The Attack on Titan, Fairy Tail, and Naru to Shippuden that are made to appeal to teenagers and the elderly. Parents: There are some anime movies and series created specifically for adults that do not suit children. Always check the review ratings before allowing the child to watch it. Anime series and movies are often broadcast on many TV channels around the world and are also available for purchase on DVD and Blu-ray. Many streaming services such as Hulu and Amazon Video also offer users a large number of anime broadcast franchises, while Netflix has invested heavily in anime genre and has exclusive rights to series such as Glitter Force. Netflix even produces many anime movies and series in Japan for international releases on its platform. There are quite a few streaming services that focus exclusively on anime, with Crunchyroll, FUNimation and AnimeLab being three of the most. Each has its own official application for streaming content, which can be downloaded on smartphones, video game consoles, tablets, computers, and smart TVs.
