Reviews by User :D Iana Cooper hit the nail on the head with this book. It's definitely fun to read. After reading this book, I had to buy the ATLANTIS CARDS, which she also brings out. What an amazing tool to help a person connect with their inner divine nature. Channelist Wendy Kennedy - who channels the 9th Pleidian Collective - also highlights and details the Atlantis period of history - if you're interested. Personally, I look forward to the day when a film director, like Oliver Stone or anyone really, comes out with a real film of Atlantis!! That will be the day. The largest e-book library in the world Diana has been working with the angelic empires since her guardian angel appeared. Their mission is to connect people with angels, dragons, unicorns and Atlantis for personal and planetary ascension. She has written over 30 books, which have been translated into 28 languages and produce many map decks. I feel so blessed to be incarnated now in this time of massive change on the planet. My whole life is dedicated to the exchange of information and light that the angels, unicorns and dragons as well as the great Illumined Masters give me. They often download new Ascension energies to me when we are ready for them and I pass them on. I hope that you will find inspiration and information on this website, and I invite you to deepen and connect with me at my online or personal appearances. Find more View More 6th October 2020 Dear Friends, It feels like the world is in limbo and holding its breath. Because the rules are constantly changing, many are in a state of desstress. As Lightworkers, we are so blessed to be connected to the angelic empires. Our guardian angels always whisper to us of resilience and strength. They remind us of [...] Read more September 4, 2020 Dear Friends, We are currently going through some of the most difficult months on Earth. Mother Earth begins to unravel the pent-up rage that has been stored in her. The energy of our emotions goes through our feet into the ground and has been building up for ten thousand years [...].
