## Maya the siren quotes

Share Join the game Siren here. It's nice to meet you. If someone tries to capture me, I'll burn his brain. If we work together, we'll survive this. Our enemies won't. Does anyone need a siren on his side? I am able to lock the enemy in another dimension, where they die a long, painful death. If that's not attractive to you, then there's nothing to talk about. It's a siren. When a challenge is completed Another challenge is completed. What if I had this? That wasn't that hard. Great. Fantastic Killing an Enemy Looks Like My Training Is Paying Off! That was satisfying, wasn't it? Sorry... (After killing several enemies in quick successes) It should all be running! (After killing several enemies in quick successes) Be afraid of me.. (After killing many enemies in quick successes) You're nothing! (After killing many enemies in quick successes) Only. Gives. Up! (After killing many enemies in quick successes) That's the power of the siren! (After killing many enemies in quick successes) You're helpless! (After killing many enemies in quick successes) Switching seats This seat is sticky; Why is it sticky? Can I have that place? Let's switch. Switch, please. Don't you want to switch? Hitting the enemy with a vehicle roadkill! Now you're going to have to be scared. Idiot! What was that? Hitting another vehicle with co-op pologies! Is your bone broken? I feel like the airbag should have been inflated. That wasn't intentional! When a vehicle overturned, damn it. Unfortunate. Critical Kill Criticaaaa! It's strangely satisfying. Interesting reactions. Critical (low voice) That was messy. Another clean murder. Unexpected. Oh. You were weak. See you later. Booyah, I'm sorry. That's what you get. That silenced him. Wow, I'm sorry. Phaselocking an enemy Stay still! Stay away. Don't fight. You're not going to enjoy this. This is going to hurt. Shut up! Still! Please stop. You, stop. Keep him there. Silence! Freeze! Gotcha! This is going to be over! Stand! Killing an enemy while phaselocked I love my strength! That was fantastic! One more down! And stay away. Bed! Farewell, I'm sorry. That was interesting. Ready! That's how it goes... Hush! Silence. Now he's scared. King! Throw a grenade explosives! Explosives out! I have something in yours! Grenade out! Here it is! Grenade launch! We're out of ammo. Oh, shit! The guns are dry! I'm empty here! No more ammo! Anyway, whatever. I don't need ammo. We're out of ammo! I need more ammo! I'm out! Of course it's not. I'm out of ammo! Spotting items whoa ... That's very nice. It's beautiful. Wow, I'm sorry. How about that? It's nice to have a hmm... Everything has its pros and cons... I'm going to have to think about this. Which is superior? Looking at the map: What's next? Next stop: There's a whole world out there. Where now? Looking for a skill tree is a skill point to spend so much to learn. Everything looks so good. You always have to learn more. Hmm... It's time for some training. The leveling up wisdom force. I feel different. There's always room for improvement. How about that? You always have to learn more. Success! Better and better. I'm having a good time. Kill one badass One less badass. Let's do it again. That calmed him down a little. Boo-yah! Well, that's it. It's a good thing we got rid of it, I like that. That was enjoyable. It was fun. That was satisfying, wasn't it? Well, that's something. Ha-hat So, who's nex? Oh, I'm enjoying this. Hush! Silence. The Sound of Handsome Jack. I wonder if... (when receiving the sound modulator) Monks have always told you to know your enemy as well as you know yourself, but that voice is officially the scariest thing in the world. (while idle) I've never considered myself an angry man, but if I have to talk to that fascist voice for a much longer period of time, I'll rip out my own voice box and stomping on it. (idle) The silence (almost vomited)... God, hearing Jack's voice come out of me. I threw up a little bit in my mouth. (idle) Siren here, testing tes... (if idle) Spotting a badass Carefully! It's a cut! Focus, Badass. Watch out, Badass. He's a bad guy! It's a cut! Badass in range! I see a bad guy! He's a bad guy! Badass beware! Take care! It's a cut! Idle I will never forget what the chief monk told me before I left the abbey: Child, I had so much left to learn said. I imagined he'd continue talking if I didn't pull the trigger. This silence reminds me of the abbey... I hated the Abbey. Twenty-seven years of training just to stand here and stare at nothing. The monks told me to honor the silence, to honor the moments of inaction, to make the fight even more invigorating. Now I really get it: they didn't know what the hell they were talking about! The impossible has happened. I... Am... Bored. Boored... Oh, my God, it's boring. Through meditation, I see everything; eternity, all existence... Aaadnd now, it's boring damn me. I love meditation, but this is ridiculous. I came to this planet to fight, not wait. When he's crippled I can do it! Now I'm angry. It's a bad move. I'm not going to die here! You're moments away from death! Now I'm angry! You're going to regret this. It's a big mistake. I don't think so. You made me angry! Recovery [Kill Revive] I'm here, bitches! Not! Who's next? Where was I now? And now you're going to fall! It wasn't even close! I didn't have time. When a Stay calm. Stay calm. Gotcha! Don't worry, it's going to be okay. I'm right here! Keep firing. Keep your head together. Let's get up. You're fine, you're fine. It's going to be okay. When I revived a player Thank you. Thank you so much. You're very kind. How nice of you. Thank you. Thank you. Thank you so much. Thank you, I needed it. I submit a duel request: I'll show you how to fight. Have you ever fought a siren? Do you want to spar? I challenge you! Let's duel. Host duel request Do you want to spar? A challenge, huh? Interesting... If you say so... Losing duel! You fought well. I can see your abilities. We played well... Your abilities were better. Maybe next time I get a draw it seems our skills are equal. Looks like we're even. Draw? Interesting. Well done. Aw... Won the duel Thank you for the spar. Don't let him smite you. How nice of you to fight bravely. I'm the winner! This area smells like ass and dead people. Good tomorrow, pretty girl. Is something bothering you? We're talking to Ellie/Eleanor at flamerock shelter. (when the gun slips out of his hands) Oh, it's a bull! I'm really good at picking things up! (after breaking his fingers) I don't know what the hell I'm doing. (when approaching the Smurwarp puzzle) Uhmm... Raft. (guessing the puzzle answer) Lots and lots of books. And guns. Fireball! Lightning! Magic rocket! He's going to drop the CRT! Oops. Fucked! Damn it! A son... Why is this gun so slippery? Throwing the Dice Once Come on... Statistically, my chances aren't very good. One in 20? I accept the odds. Here we go! Let's see how much probability favors me today. Throwing the Cube twice here hopin'. If I go white, I might hit something. Two out of 20... it's a much better chance. An expensive scroll. I wish gambling wasn't so enjoyable. I know almost nothing about romance, so please pretend I said something really inspiring about the power of love. (words of encouragement to Ed) (when we taste whisky): It's... It's not for me. It's a little better, but - hic - it's not good. That felt good. Everyone's going to tell little lies except the ones you love, the ones who say big ones. (make the baby cry) There was an older man once. He's dead now, of course. (when Moxxi asks about mister-or-missus Vault Hunter Maya's life) Romabum plants don't grow here - I'm somewhat sure it's just untreated human meat with ingted gasoline. (when collecting the cigar box) PaH! No. (when Innuedob is asked if Oedipal's feelings for Moxxi are normal) (when collecting Stella's wig): Hey, Junkbot. Stella. Can I borrow that wig? Um... It is needed for this mission. I'm a completionist. Sorry! I really hope you're just using it for maintenance. (when collecting the fatty kettle) It managed to irritate me, if nothing else. (when Innuedobot asks if the negging made Maya like it) I have some alcohol. Smells like cologne and a mustache. Let's not keep Hammerlock waiting, shall we? (When talking to Varkid) Sorry, whose son? (When Hammerlock says he's going to be sacrificed) And that's why you don't take orders. If they're going to up, I want to be blown up for my own reasons. (When he finds Axton's killer) The impact pattern isn't that great. The fall couldn't have been high enough to lose consciousness before it hit the ground. Huh. (When you find Gaige's killer) Consider yourself lucky. That poison worked fast. I wouldn't have done that. (When they find Maya's killer) Someone once told me that if you take revenge, dig two graves first. It's a stupid quote, revenge king. (When they find Salvador's killer) Poor attempt simulates a suicide, but clearly a doctor's hand at work. (When I found Krieg's killer) What am I, uh... What am I looking at? (When you found Zero's killer) Dear Siren: although I find your physical appeal disturbingly repellent, I feel you will play an important role in the coming days. Knowing this, I decided to poison the siren hunters with various means, about which I will not go into detail, sufficing to say with a beer bottle and a straw made of anthrax. Sincerely, a friend. (At the end of the mission) Hunh, I'm sorry. Am I attractive? (After reading the letter) Social content is available under CC-BY-SA, unless otherwise stated. Noted.
