Another word for efficiency room

(Definition of efficiency room from Cambridge Advanced Learner's Dictionary & Dicti The sofa bed is on the right and a small alcove on the left. Not shown is the small kitchen and bathroom. A studio apartment, is a small apartment, is a small apartment (rarely an apartment) where the normal functions of a number of rooms – often the living room, bedroom, and kitchen – are combined into a single room. Design Studio apartment is an apartment with a single room, and kitchen – are combined living, dining room, and bedroom, and bedroom. A variety, sometimes called an alcove studio, can have a very small separate area; this wing or nook is outside the main area, and can be used to eat or sleep. The apartment's kitchen facilities can be located either in the central room or in a small separate area. The bathroom is usually in its own smaller room, while the toilet can be separated. Studio apartment sizes vary considerably by country. A studio apartment is different from a bedsitter in the UK or single room occupancy (SRO) unit in the US, in that an SRO doesn't usually include a kitchen or bathroom. The bathroom facilities are shared with several units in the hall. Global variations Argentina In Argentina is called a studio apartment for monoambiente (in Spanish, Mono is one and ambiente is room). Common area of a studio in Bangladesh (2016) Brazil In Brazil is called a studio apartment quitinete (from kitchenette). It basically consists of a room, a bathroom, and a kitchen, which is often in the same space as the room. More recently, newly built quitinetes are beginning to be called studios, for the modern appeal of English that a foreign language has. Cuisinette studio in Sherbrooke, Quebec, Canada (2010) Canada, a bachelor apartment, or simply bachelor, is the common term in Canadian English for any one-bedroom residence that is not a shared living. A shared room, or especially small bachelor, is sometimes called a bachelorette. Residents of the province of Quebec (mostly in French) generally use the term studio or one and a half. Czech Republic In the Czech Republic, garsoniéra, often called garsonka, (from French garçon, which means boy, young man, bachelor) is a one room apartment with separate bathroom and WC, abbreviated 1 +0, sometimes it is 1 room with separate bathroom and WC and kitchenette, 1+KK. Denmark In Denmark, they refer to a studio apartment as a one bedroom apartment is not to be confused with a study apartment in Danish, which are accommodations that you can only rent if you are a student. These are often very cheap but in a fairly good condition, close to a higher education facility and very small. Rarely larger than 40 square meters. Blocks of studio apartment in Vantaa, Finland (2018) Germany, studio apartments are called Einzimmerwohnungen (Ein means one, Zimmer means one, Zimmer means room and Wohnung means apartment). [citation needed] The size of the living room can be just around a parking lot size. [1] India In India, studio apartments are generally called one-bedroom kitchens (1RK) apartment with a one-bedroom hall with a bathroom and attached kitchenette to the hall most used by one or two people or a small family ranging from 200 to 450 square meters (19 to 42 m2). Italy In Italy, the Italians call them monolocale, which means a room. There is only one room with a kitchenette, and a separate bathroom. Jamaica, studio apartments are commonly referred to as quadbikes, and are a common feature of eastern Kingston. They generally consist of a main room, in acting as living room, dining room, dining room, dining room and bedroom. The kitchen is located within the same room, with partitioning wall. The bathroom is in a smaller room, by itself. These studio apartments generally come with adequate yard space and laundry facilities (on the outdoors). They have a bed, a stove and a TV as well. Japan Japan has an even smaller version of the one-bedroom apartment called the mansion a room. Kenya In Kenya, they are commonly known as a bed-sitter. Rent ranges from 5,000 - 10,000 Kenya shillings, equivalent to 48.61 - 97.22 U.S. dollars. They are common places for young people to live when they start working. New Zealand In New Zealand, studio apartments are known as studio rooms, and they often have a bedroom with study area and a private bathroom. Spaces such as the kitchen, living room and dining area are common between other people living in that apartments. These apartments usually have a single room, which serves as living room and bedroom, a kitchen, a bathroom and a toilet (which is often merged with the bathroom). [2] This form of housing is completely different from Face-to-Face housing, which are normally built against each other, and with shared toilet(s), bathroom(s) and kitchen space. [3] North Macedonia in North Macedonia, the extracted garsonjera (Capcosepa) originates from the French garçonnière. Normally a one room plus separate sometimes with a very small, separate kitchen. Norway In Norway, studio apartment in English, because they count both the living room and the bedrooms. Hence an apartment with a bedroom called a two-bedroom apartment (2romsleilighet). Portugal In Portugal, studio apartments are designated T0 (T-Zero). This designation follows the Portuguese house classification system, where apartments are classified by their typology as Tx, with x representing the number of independent bedrooms. In the case of T0, 0 means that the apartment does not have any independent bedrooms. Poland In Poland, studio apartments are called kawalerka (from the word kawaler – a bachelor). Romania In Romania, the studio apartment is known as garsonieră, a word derived from the French garçonnière. They are usually a room plus a separate bathroom, sometimes with a small, separate kitchen. Singapore In Singapore, studio apartments, associated with Singapore's public housing, are apartments that are specially built by the Housing and Development Board to cater to the growing retirement population. [4] You must be at least 55 years old to buy these studio apartments. Since August 2015, the system has been replaced by 2-room Flexi apartments, giving seniors the flexibility to choose a rental period that suits them best. [5] Slovakia In Slovakia, studio apartments are called Garsoniéra, often called garzónka, a word from French garçón, meaning boy. This type of one-bedroom apartment is usually a one-bedroom apartment where the living room and kitchenette are combined into one room. Bathrooms and toilets are usually separated. If the kitchen is separated by a wall or doors, it is called 1+1. Studio apartments in Slovak residential areas (sídlisko), but they can also be in other places. South Korea In South Korea in Slovak residential areas (sídlisko), but they can also be in other places. South Korea in Slovak residential areas (sídlisko), but they can also be in other places. South Korea in Slovak residential areas (sídlisko), but they can also be in other places. between 20-40 m². Tea in the Bedsitter by Harold Gilman (1916) UK In The United Kingdom (British), a studio apartment is usually a single room with cooking facilities that have a private bathroom attached. Traditionally, if a residence has a shared bathroom, it is known as a bedsit. This distinction is found less often, as are beds themselves (especially in large cities) because of the consequences of the Housing Act 1989 discouraging landlords from offering this once widespread type of accommodation. Usa In the United States, the everage size is 500 to 600 sqm (46-56 square meters). [citation needed] In general, in the United States, the everage size is 500 to 600 sqm (46-56 square meters). with a separate kitchen, dining area, bathroom, and often an alcove and/or walk-in closet(s), efficiency apartment indicates a one-bedroom apartment with a kitchenette built into one of the walls, but usually still with a private bathroom (as opposed to one shared with other tenants, which would be an SRO). One variant that is common in New York City is the L-shaped or alcove studio, where the central room branches out into a small alcove that can be used to sleep or eat.
