Vision Eugene Field is a community that ignites every student's joy of learning to achieve the greatest success. SOCIAL EMOTIONAL APPROACH TO LEARNING Eugene Field Elementary School is one of five recipients of the Wallace Foundation's Social/Emotional Learning Fellow. This is the deliberate development of children's cognitive, interpersonal and character-building skills through a program researched and developed by Yale University. We also have counselling support services to better support the social and emotional health of our students. Creating high-quality learning experiences means educating the whole child by meeting their social, emotional and academic needs. Social and emotional learning (SEL) is the process by which children and adults gain and effectively implement the knowledge, attitudes and skills necessary to understand and manage emotions. With strong social and emotional skills, our students will be able to set and achieve positive goals, feel and show empathy for others, build and maintain positive relationships, and make responsible decisions. Creed, I'm smart, there's nothing I can't do. Yesterday's failures are behind us.
