Touch of Modernity, 350 Rhode Island St, Apartment 400, San Francisco, CA 94103 © 1996-2014, Amazon.com, Inc. or its affiliates This innovative smart coffee table is equipped with a Bluetooth speaker, a beverage drawer in the fridge and a hub for charging devices, all of which can be operated from a tempered glass touch screen. Tempered glass countertop with touch control Refrigerator drawer keeps drinks chilled Bluetooth speakers synchronized with smart devices, while USB TV ports and sockets charge devices at the table Free White Glove service includes home delivery and setup Membership is required to complete a pickup purchase at the club or at the curb in Sam's Club. When you're bingeing through a new show and don't feel like getting up to hit the fridge for food and drinks, just reach for this cool new fridge coffee table. This futuristic, multifunctional coffee table has not only two cooling drawers with independent cooling controls, but also two powerful built-in Bluetooth speakers, two USB charging ports and touch LED controls on a tempered glass countertop. Ideal for storing plenty of extra rounds of beer, carbonated drinks and sparkling water near the sofa along with chilled dishes, especially for parties or iof you own a small house. Hmm, in future versions, I hope to add an induction hob to cook the food on top along with a wireless charging and ice maker. Also, if you lose your remote control, it's probably in the fridge.
