Tennis is an Olympic racket sport in which individual players can play each other or two teams of two players. Each player uses a tennis racket to hit a light green ball covered with felt over a net and on the opponent's court. The object of game is to play the ball in such a way that the opponent is not able to play a valid return. You will earn a point if your opponent will not be able to return a ball. Tennis games originate in Birmingham, England and were first played between 1859 and 1865. Today, tennis is a popular Olympic sport and is played by people of all ages around the world. Tennis games are also broadcast on television, all four Grand Slam tournaments are especially popular with tennis fans: the Australian Open played on hard courts, the French Open played on red clay courts, Wimbledon played on grass courts, and the US Open also played on hard courts. With our online tennis games, you can learn how to hit aces, make the perfect drop shot, give the background ball or backspin and the difference between playing on grass and clay. Play a tennis match with professional tennis players like Rafael Nadal, Roger Federer, Serena Williams, Maria Sharapova and many more.
