

## **Reptile worksheet preschool**

Teach children about reptiles and amphibians with enlightening texts, scientific projects, spreadsheets, and educational activities. Thematic practice pages and teaching tools also focus on a range of language arts and mathematical skills. This free reptile spreadsheet will help children learn how to write and spell the word Reptile as well as recognize what animals are actually reptiles. The spreadsheet contains the traceable word and then shows several animals including a lizard, crocodile and turtle and children have to correctly identify the reptiles and circle them. Find more educational resources Reptiles are some of the most interesting animals for children. But exactly what kind of animals are reptiles? This spreadsheet will challenge your child to identify different reptiles. Are all reptiles green? To complete this spreadsheet your child will need to use her knowledge of animals, and her observation skills, to separate reptiles from wannabes.
