White chicks full movie watch online

Whether you're enjoying comedies, mysteries, documentaries or anything else entirely, you'll find a large selection of movies online for free. In this article I will take a look at 12 of the best websites and resources for watching free movies. I've visited each of the websites below, and I've tested a few videos of each to ensure quality, check for ads, and see what's available for free. Where to watch free movies online When you start searching for free movies online, it won't be long before you start coming across less-than-reputable websites. Some may actually require paid memberships or subscriptions, while others may provide access to illegal content. However, there are several websites, apps and streaming services that you use to watch movies and TV shows legally and completely for free. Among them are Crackle, The Roku Channel, IMDb TV, Tubi, Vudu and more. If you're looking for a full list of free ways to watch movies that you'd normally have to pay for, you probably won't find it on this list. Instead, I've put together 12 completely legal and free ways to watch movies online – most of which are supported by ads. Note that Ad Pain is rated from low to high based on the length and frequency of disruptive ads. If you're looking for a fully ad-free experience, check out Kanopy or Hoopla, which are powered by educational institutions. However, you don't need to download anything or enter payment details to access the free content. At most, you'll need to turn off your adblocker when you're looking online. Below you'll find detailed information about 12 different places where you can legally stream free movies and TV shows. Kanopy Genres: Classic Cinema, Comedies, Drama, Documentaries, Independent Films, World Cinema Best For: Documentaries and Educational Content Platforms: App (phone/tablet), Computer (website), TV (app/casting) Kanopy partners with thousands of partners libraries and universities to provide ad-free shows and movies. You use the contents of your library card or school email address on TV, mobile phone, tablet or online. I entered my library card number and then used my name and email address to create a Kanopy account. Once you're logged in, you can watch up to five movies per month. In the upper-right corner of the screen, you'll see a number that indicates how many credits you have left for the month or how many programs you're watching. You enjoy unlimited plays in the Kanopy Kids section. In addition to films, Kanopy also offers access to documentaries on culture, art, business, education, global studies, health and more. When I scrolled through the selection, I didn't see many titles that I recognized. Nevertheless, the extensive selection of indie films, documentaries and world cinema was enough to let me browse through several pages of interesting titles. Once you've found a movie you want to watch, you can click on the title for additional information, related titles, and comments, which can often include helpful recommendations. Most videos also include reviews, subtitles, and transcripts. Kanopy is available as a mobile app on iOS, Android and Amazon Fire devices. You can also access the TV app via Apple TV, Amazon Fire TV, Android TV, Samsung Smart TV, Roku, Telstra TV or Chromecast. If you don't have access to any of these devices, you can also connect your computer with your TV via an HDMI cable to watch Kanopy on your TV. For more information on how to get started and what's available, see our Kanopy Review. Pros: Cons: No ads Wide variety of topics, especially if you are looking for documentaries or educational movies Limited to five videos monthly content is not download you must log in or create an account to Hoopla Major Genres: Action & Adventure to Stream, Children's, Comedy, Documentary, Family, Romance, Sci-Fi, Thrillers Best For: No Ads, Offline Viewing Platforms: App (phone/tablet), Computer (website), TV (app/casting) Hoopla is the digital service of Midwest Tape, which is a leading provider of entertainment and media to public libraries in North America. You'll find digital videos (movies and TV shows) as well as music, audiobooks, e-books and more from more than 1,500 libraries. Hoopla works just like a public library, which means you can borrow digital movies with your library card at any time. If you don't have an account yet, you can register for free. You have to log in to borrow everything. Once you're logged in, you can see recommended titles, everything you've borrowed right now, recommendations based on what you've borrowed before, what's popular, and everything you've added to your favorites. You can also click browse at the top of the screen or search for titles using the search bar. After you have a find what you're interested in, you can see the movie details description and reviews from other Hoopla users. When you're ready to check something, just click borrow. You'll see a message that lets you know how long you have access to the title (usually 2-3 days) and whether it's available for streaming, download, or both. The title is automatically returned when it is to be returned. Once you've borrowed a movie or show, you'll watch it at any time without ads. Subtitles are usually also available. In addition to movies and TV shows, Hoopla also offers access to audiobooks, ebooks, music and more. You can access Hoopla on any web browser or Apple/Android devices. You'll also stream content through your Amazon Fire TV, Chromecast, or Roku device. Pros: Cons: No ads during TV shows and movies you've borrowed Some content is downloadable once checked out Wide range of content and media You must log in using your library card or create a free account to watch movies You only watch five titles a month crackle major genres: Action, Classics, Comedy, Drama, Thriller, Reality, Original, Documentary Best For: Classic shows, comedy films, star studded favorites Platforms: App (phone/tablet), Computer (website) and TV (TV app/casting). Owned by Chicken Soup for the Soul Entertainment and Sony Pictures Television, Crackle is a streaming service with original content and TV shows and movies acquired from other companies. You'll find both old and new shows/movies in a wide range of genres with hidden talent and famous names. As I scrolled through the recommended categories, I recognized The Rock, John Travolta, Ashton Kutcher, Steve Carell, Gene Wilder, Chase Elliott and more. There's something for everyone at Crackle with a host of recommended categories, including Automobiles, Trains and Planes, Summer Kickback, Home School, Documentary and Classic. This free-to-use entertainment network is available on many popular platforms, including web browsers, Amazon Fire TV Stick, Chromecast, Roku, Android and Apple devices. Visit the website for a full list of supported devices. With Crackle, you don't need to create an account to start streaming. But if you want to save movies to watch later, you'll need to log in. Creating an account is easy and free. Just click sign up on the homepage to get started. Whether you're creating a free account or starting watching right away, you'll still need to watch a few ads. That means you'll need to turn off all adblockers before streaming online. According to the website, running commercials with available programming allows Crackle to ensure that the service remains free in the US and Australia. Before a movie starts, you'll see a few ads. After it starts, your periodic commercial breaks the movie. The video in the screenshot above is one hour and 40 minutes long, and you'll see that there are eight advertising breaks after it starts. During ad breaks, I had the option to choose whether to communicate with an ad for 30 seconds or watch regular ads for a normal break (about 2.5 minutes). On your screen below the movie, you'll see options to add it to a viewing list (if you're logged into a free account), share it on social media, see details about the movie, and watch similar featured movies. In addition to the details and description, you'll also see Why it cracks, which is a short blurb about what Crackle thinks makes the movie great. Pros: Cons: Excellent variety and streaming quality You choose how long ads are You don't need to create an account to stream Some movies and shows are only temporarily available because of agreements with program providers Content can't be viewed offline IMDb TV Major Genres: Comedies, Chills & Thrills, Action & Adventure, Romance, Documentaries, Sci-Fi, Family, Drama Best For: Hit TV shows and top Hollywood hits Platforms: App (phone/tablet), Computer (website), TV (app/casting) Owned by Amazon, IMDb TV is another free, ad-supported streaming video source. You can access content through the IMDb app, the IMDb website, the Amazon Prime Video app, and Amazon Fire TV devices. You'll need to log in to access free IMDb TV content, but create an account for free. You also log in with your Amazon, Facebook, Google or Apple accounts to access the content. Once you're logged in, you can stream available movies and programs, add videos to a watchlist, and save your place if you need to pause the video and resume watching at a different time or device. No matter how you sign in or what device you're using, know that videos on IMDb TV can't be purchased or downloaded to be viewed offline. That means you need to watch a few ads. In the video below, you can see that there are six ads in this 90-minute movie. While watching a TV show or movie, you have the option to turn on the 'X-ray' feature. This shows small pop-ups in the corner of the screen with interesting facts relevant to the scene you're watching. On the other side of the screen you choose to customize subtitles, video quality, audio and screen size. When I visited IMDb TV, I found some popular titles in the Recently Added section, including Shrek, Eat Pray Love and Seabiscuit. Other popular titles included The Sisterhood of the Traveling Pants, Life of Pi and 3rd Rock From the Sun. In addition to popular TV shows and top Hollywood releases, you'll also find TV originals and an entire section of Hidden Gems. Pros: Cons: Popular titles and hidden gems gems video quality (up to HD) You choose to see interesting facts in movies with the X-Ray feature Limited Selection Content is not download You must log in or create an account to stream Pluto TV Genres: Comfort Movies, Sitcoms, TV Dramas, Action, Comedy, Drama, Family, Indies Best For: Live TV Platforms: App (phone/tablet), Computer (website), TV (app/casting) On Pluto TV, you will find hundreds of free TV channels and thousands of free movies. The Internet television service offers free, ad-supported content that includes both live TV and on-demand titles. You can access Pluto TV online from your computer, iOS or Android device. You can also stream your Pluto TV on Amazon Fire TV, Chromecast, PlayStation, Roku, Samsung, and Vizio devices. I used my computer to visit the website online. When I first came to the website, I clicked on Watch Free Now to get started. From there I was able to choose from Live TV or On Demand at the top of the screen. On Demand features several categories, including the genres listed above in addition to popular movies, top TV series, new movies and more. If you're looking for live TV, you'll find a huge selection of free channels. You browse live channels by category including featured, movies, news, reality, comedy, classical, sports, kids and more. You'll see hundreds of popular television networks, including TV Land, MTV, CSI and Comedy Central. With both live channels and on-demand titles, you'll see periodic ads in the same way as traditional TV. In my experience, ads tend to pop up around every eight minutes. You don't need to create an account to stream content, but it's free to sign up if you want to. With an account, you can track your favorite movies and channels and get updates on new content. Pros: Cons: A wide range of on-demand titles and live TV channels You don't need an account to stream frequent ads Content is not downloadable The Roku Channel Genres: Family, Adventure, Drama, Reality, Anime, Sport, News Best For: Reality and live TV platforms: App (phone/tablet), Computer (website), TV (app/casting) The Roku Channel is another free ad-supported source that provides access to streamable content including live TV and on-demand titles. You don't need to have a Roku device to access the Roku channel. It is also available on a web browser, as well as iOS, Android and Amazon Fire TV devices among others. I used the computer to access the Roku Channel website. I was promptly asked to log in or create an account to access premium subscriptions, keep watching movies where I left off, and personalized get it. However, an account is not required to stream content. I had to turn off my adblocker before watching anything in the movie above, you see that there are six advertising interruptions through the movie (1 hour, 37 minutes), which means you expect an ad about every 16 minutes. Subtitles are also available for most movies. At the time of writing, The Roku Channel included a few popular on-demand titles, including the entire Twilight saga, How to Train Your Dragon, Hairspray, Bewitched and Hoarders. Live TV channels included Now This, Tastemade, DIY Daily, TMZ and USA Today. Pros: Cons: You don't need to create an account to stream content on-demand titles and live TV Relatively few ads compared to other free movie sites Content is not downloadable Premium subscriptions require paid memberships Tubi Genres: Action, Classics, Comedy, Documentary, Drama, Family Films, Foreign Films/TV, Indie Films, Kids' Shows Best For: Reality TV and Kids Shows Platforms: App (phone/tablet), Computer (website), TV (app/casting) Tubi is an ad-supported streaming service owned by Fox Corporation. You will find thousands of movies and TV shows that you can legally and stream for free via Tubi. To get started, go online to the website or download the app with one of the following types of devices: Android, iOS, Roku, Apple TV, Amazon Fire TV, Xfinity X1, Xbox, Samsung Smart TV, Sony Smart TV or PlayStation. Visit the website for a full list of supported devices and streaming Tubi. In addition to on-demand movies, Tubi offers on-demand programs from TV channels such as A&E, Fox, Lifetime and more. I found several popular reality shows including The Bachelor and Dance Moms as well as quite a few older movies, including Ernest Goes to School, The Temptations and more. When I checked out Tubi, I visited the website online. I didn't have to create an account to start streaming. Instead I was able to choose a show and start watching it right away. When you find a movie or show you want to watch, you can click play to start streaming right away. I didn't run in any ads on the videos I watched, but you expect them to pop up a few times in the movie or show. You need to turn off your adblocker to start streaming. Below the movie you're watching, you'll see a short description, production details, and suggestions for titles you might also like. Pros: Cons: You don't need an account to stream content Customizable Video Quality to HD Rare ads Content is not downloadable There is no large selection of well-known movie titles YouTube Genres: Animated/Kids, Documentaries, Comedies, Action & Adventure, Romance, Classics, Horror, Drama Best For: Family and kids programming platforms: App (phone/tablet), Computer (website), TV (app/casting) If you have access to you have access to free videos. In addition to original content uploaded directly by users, also watch a wide range of movies available on YouTube. Although YouTube TV requires a subscription, there are selected titles that you watch for free. Go to this YouTube page to watch the current selection of movies that are free to watch. You will find several popular children's titles, documentaries and classic favourites. While you don't need to create an account to browse or watch certain free movies, you may need to sign in to verify your age if title R is reviewed. Once you've chosen a movie to watch, click it to start streaming. The ads work just like they would on any other YouTube video, and the media player should look pretty familiar, too. You adjust the subtitles, quality and screen mode when you look online. Below the film you will see a short description containing the production details and comments of users. Pros: Cons: You don't need an account to stream content Short, rare ads Many choices for kids and family-friendly movies Not all movies are free to watch, even with ads. Limited selection Your free movies do not sort by category Popcornflix Genres: Drama, Action, Horror, Thriller, Comedy, Romance, Sci-Fi, Mystery, Family, Foreign Films, Documentaries Best For: Independent films Platforms: App (phone/tablet), Computer (website), TV (app/casting) Popcornflix is a free ad-supported streaming service owned by Screen Media Ventures, which was purchased by Chicken Soup for the Soul Entertainment in 2017. You'll find movies, TV shows, web series and viral videos on Popcornflix. The site usually features independent movies, making it a great place to search for hidden gems. Once you've decided a movie or TV show, you'll start streaming right after one or two previews. You don't need to create an account to stream media on Popcornflix, but you'll need to pause or disable adblockers. The ads work more like an ad you'd see while playing a game online, and you have the option to skip some ads after a short preview. Next to the video you're watching, you'll see a sidebar with options that will allow you to see what's playing now, what others are saying about the video, GIFs made from the movie, and additional information about the movie. You open Popcornflix through a web browser on your computer or with an Apple TV, iOS device, Android device, Roku device, Amazon device, or Xbox. Cons: Start streaming directly without needing an account Read comments from other users when they were originally left in the movie You won't find many familiar titles if you're looking for popular movies/TV shows Content is not downloadable Vudu Comedy, Horror, Family & Kids, Action, Adventure, Classic Films, Crime & Suspense, Drama, Documentaries Best For: Hidden Platforms: App (phone/tablet), Computer (website), TV (TV app/casting) Crunchyroll is a WarnerMedia company that flows anime into over 200 countries and territories. If you're a fan of anime, this is the free streaming resource for you. You'll find both popular titles and Crunchyroll originals available for free. Scrolling through popular anime shows, I saw over 1,100 episodes of One Piece, over 140 episodes of Black Clover and over 90 episodes of My Hero Academia at the time of writing. Other popular titles include Attack on Titan, Naruto and hundreds more. The majority of content has Japanese voice acting with English subtitles, but there are a few shows that are dubbed in English. While you don't need to create an account to stream content through Crunchyroll, you'll see ads asking you to pay for a premium membership. Membership allows you to watch unlimited ad-free programs, access new episodes an hour after they premiere, and download programs for offline viewing. However, you can stream online for free (with ads). Please note that the latest episodes may not be available immediately. When you choose a video, you can stream it directly online without having to report. To add the video to a queue to watch later, you'll need to create a free account. I didn't have to turn off my adblocker to get started and ads appeared only a few times in a 25-minute episode. Pros: Cons: Rare, short ads in videos You don't need to create an account to stream shows, manga and games are available alongside movies New releases are only available for premium members Content can't be downloaded, unless you have a premium subscription Yidio Genres: Drama, Romance, Comedy, Action, Adventure, Kids & Family, Horror, Crime, Mystery, Animation Best For: Variety Platforms: App (phone/tablet), Computer (website), TV (app/casting) Unlike the other websites on this list, Yidio is a video aggregator that aggregates links to videos and TV shows available on other streaming services. Instead of seeing a media player and watching a video directly on Yidio.com, you can search directly for titles on several other platforms, including Tubi, Vudu, Crackle, The Roku Channel and over 100 more. While you'll see videos from only paid streaming services like Amazon Prime, Hulu, Disney+, Netflix, and others, you can filter your results for free movies or free TV shows. For most video links on Yidio you can watch online through any web browser, with your smartphone or tablet, using a streaming media player or on game consoles. For a quick reference of which streaming services are supported on which devices, check out this source of Yidio. You don't need to create an account to use Yidio, but signing up for an account is free if you want to keep track of your favorites. Once you've found a video you want to watch, just click on the title to see where it's available for free. For example, I clicked The Shining. I can see that it is available on some paid subscription services and for rent online from Amazon, Vudu and elsewhere. But it seems completely free via IMDb TV. As soon as I clicked on the game symbol next to it, I was redirected to the IMDb TV website to watch the movie for free. If you have a specific title in mind, yidio is a great resource to check and see if it is available for free online. Cons: Cons: Thousands of movies from multiple sources, several of which are free You don't need an account to use Yidio You'll find links to movies and TV shows No movies are readily available on Yidio, which means you should always visit a second website Not all movies are available for free Final Thoughts Ultimately, one of these websites is worth checking to check if you're looking online for free movies. If you are looking for popular names in Hollywood and hit TV shows or movies, check out Crackle or IMDb TV. If you have a library card, you can visit Hoopla or Kanopy for a fully ad-free experience. is a great resource for watching free anime shows and movies, while Tubi and YouTube provide access to a large selection of movies for families and children. For Live TV, check out Pluto TV TV The Roku Canal. If you're more interested in independent movies and hidden gems, you might find something you like on Popcornflix or Vudu. Finally, if you have a specific title in mind, check Yidio to see if it is available for free on any of these websites. It doesn't matter where you decide to watch free movies online, but make sure you do it legally and safely. Although you need to turn off your adblocker online or enter your email to create a free account, you don't need to download anything to your computer or enter payment information.
