Title: Cinder Edna Author: Ellen Jackson (portrayed by Kevin O'Malley) Publisher: Lotrop, Lee &amp; Shepherd Books Reading Level: Early Primary: No Format: Fairytale Synapse Main Character: Cinderella: A beautiful person who has to do the work of her evil sister-in-law. Prince Randolph: The king's eldest son. Not very clever and not very boring. Cinder Edna: Cinderella's neighbor. She is not very pretty, but she is practical and works hard. Prince Rupert: The king's second son. He is fun, environmentalist and pragmatic. Setting: Most of the story is done with balls. Basic plot: Both Cinderella and Cinder Edna have evil sister-in-law. Cinder Edna makes the most of it and lives a happy life. When it's time for the ball, both girls go - Cinderella with the help of her fairy godmother, Edna on the city bus. They each meet one of the king's sons. As they flee (before the coach returns to the pumpkin and stops the bus from running), the princes try to find the girl. When they find them, they get married and Cinder Edna lives happily throughout Cinderella's boredom. Theme: Beauty is not everything. Hard work can make you happy personal ratings unique features: This book emphasizes that beauty is nothing and that beauty does not make a person interesting, which is an interesting concept for preschool groups. All notes for use: no. elements taught: beauty is only the depth of the skin. Curriculum tie-in: fairytale/fairytale spin-off. Aspects of the discussion of writing/changing fairy tales: is it better to be clean or smart? Why is that? What is the difference between Cinderella and Cinder Edna? How does this version differ from the version of Cinderella you already know? Once upon a time, there were two girls who lived next door. You may have heard the first one. Her name was Cinderella. In this castle, a pair of royal couple Cinder Edna grow up next to Cinderella. Their lives are similar, but Cinder Edna has different choices and is very self-reliant. She's not beautiful, but she's positive, hardworking and good at making jokes. On ball night, while Cinderella's fairy godmother makes her, Cinder Edna decides that loafers will be wise and comfortable, wearing a dress she bought for money from her part-time job. As Cinderella boards the pumpkin, Cinder Edna boards the bus. At the ball, Cinderella is afraid to dance in those famous glass slippers, but Cinder Edna is having a great time dancing with the prince's brother Rupert. In the middle of the night, both girls leave the ball (Cinder Edna recognizes that the bus stops in the middle of the night), and the princes find glass slippers and loafers on the stairs. The brothers look for the girl they met and both couples get married. Cinderella and her prince Randolph have a pretty boring lifeAt the castle while Cinder Edna and Rupert shared a full life with a lovely cottage. Author Ellen Jackson took the classic Cinderella story and compares her actions and reactions at every step with Cinder Edna next to her, showing it to us from a different angle. Cinder Edna is competent and independent, and Cinderella looks silly and helpless in the same comparison. She extends these differences to princes as well, dulling Randolph shallowly, and Rupert shows more cleverness and personality. When the two princes are left with the girl's shoes, Rupert is shocked to learn that Randolph has never asked for his dance partner's name. Edna is clearly adept at cutting rugs. Illustrator Kevin O'Malley crams more details of his artwork and even more humor into the book. Edna is portrayed with considerably more obvious features than Cinderella, but she also seems more realistic and content throughout the story. She and Rupert are shown to be very happy together at the end and you can't help but be happy for them. In Cinderella's marriage photos, she is surrounded by books with really funny titles, such as I See London, I See France and Letasy: Who Cares. I also noticed that the Prince seemed to live in Hearst Castle in San Simeon and that Rupert had a sled named Rosebud. Just one of the few details that makes this funny book so interesting. And what have we learned? what I take away from this book is that the best way to have an ideal marriage is to be realistic about yourself and your partner. 1996-2014© Amazon.com Inc. or its affiliates Overview/Thoughtful Review: The book is suitable for all ages and tells the humorous story of two neighbors, an over-working, somely helpless, Cinderella, and spontaneous, down-to-earth cinder enda. Forced to work for her evil sister-in-law and mother-in-law, Cinderella is characterized as part of a damsel in distress, sitting between gushes, hoping to go to the ball and needing the help of a fairy godmother to get there. Cinder enda, in an oth summary/thoughtful review: the book tells the humorous story of two neighbors, over-worked, somey helpless, Cinderella, and spontaneous, Down to Earth, Cinder Edna, suitable for all ages. Forced to work for her evil sister-in-law and mother-in-law, Cinderella is characterized as part of a damsel in distress, sitting between gushes, hoping to go to the ball and needing the help of a fairy godmother to get there. Cinder enda, on the other hand, believed in fairy godmothers, mowed lawns, cleaned parrot cages for \$1.50/hr, and taught them to play accordians. She uses her extra money to 'put the dress on layaway for an occasion like this' and decides her comfortable loafers are perfectAnd take a public bus to the ball. At the ball, Cinderella and Cinder Edna meet Randolph, a proper yet very conceited prince who looks handsome on his chin from the right side and Randolph's brother Rupert, who lives in a cottage behind him and runs a recycling plant and a house for orphaned kittens. Cinderella is afraid of messing up her hair and her glass slippers are too uncomfortable to dance, so she watches Edna and Rupert 'bust the moves' on the dance floor. When the clock hits midnight, Cinderella must leave before the magic turns to its original state, and Cinder Edna must take the last bus. So which of the two finds her prince attractive and lives after happy? Without living in a fantasy world. ... ISBN: ISBN 10: Imprint: For sale: Ellen Jackson, Author, Kevin O'Malley, Illustrator HarperCollins \$17.99 (32p) ISBNAccording to Jackson, about the details of this author, the famous Cinderella (cast here as a feckless modern suburban) has a neighbor, Cinder Edna. Each does housework for the pesky stepmom and sister-in-law, while the pretty Ella plays a martyr, while the grumbling Edna learns some practical skills (such as how to make tuna casserole in 16 ways). On the night of the ball, as the fairy godmother lights up next to her, Edna, who didn't believe in fairy godmothers, wears a dress bought with layaways and comfortable penny loafers and jumps the bus to the palace. So she was the younger brother of prince Rick Moranis Esk (virtual poster boy for liberal causes, Rupert runs a recycling plant, home for isolated kittens) and jitterbugs. Other Cindys only rock to the music (She was afraid to munch her hair and knew that dancing too hard would break her fragile glass slippers), and the Crown Prince is vain and boring. O'Malley (Bruno, you're late for school!) The well-executed and cleverly detailed spread contrasts Cinderella's fantasy brilliance with Edna's clear eyes, the attitude she can. This Cinderella send-off is full of child-pleasing jokes, and on top of that, it's never too early to discover the dangers of co-dependency. Over 4 years old. (April) (April)
